## UPHOLSTERED FURNITURE that is DIFFERENT

In order to obtain something that would be different from the ordinary run of Upholstered Furniture shown and made in and around Chicago, we purchased two carloads from New York, for our Fall Opening Exhibition. New and exclusive fabrics, direct from the looms in Europe; hand carved frames, with a touch of refinement, heretofore not achieved and new improved methods of construction, which assure a lifetime of comfort and satisfaction. Pictured here are just a few of the many pieces being shown on our floors at the present time. The prices are the lowest we have ever quoted on upholstered furniture.
