CHILDREN
 Of the
MORNING

By W. L. George

The exacting story of a group of children, ranging in age from six to eight years, thrown together in a lifeboat from a sinking ship, arrive at an uninhabited island. Their background, their training, even their languages are different. How they evolved a civilization, with no guide save their dim memories of early habits, makes the most fascinating theme ever dealt with in an imaginative work.

The story thrillingly records what these children did and how they worked out their strange destinies. It is being published for the first time EXCLUSIVELY by the

**Fans Await N. U.
 S. Dakota Game
 This Saturday**

Large flood lights were installed at Northwestern university's new million dollar stadium this week as a crew of several hundred workmen were placed on a night shift to rush the big grid plant to completion for the opening game of the season with South Dakota here Saturday.

With the east stands completed workmen are now concentrating their attentions on getting the big west stands in readiness. Seats for nearly 25,000 spectators will be ready for the first game, it was announced this week by the contractors.

Football fans attending Saturday's game need have no fear of being forced to wade through mud and water in case of rainy weather. Tons of cinders are being hauled to the big athletic field and placed on all approaches to the entrances. These walks are being leveled off and rolled in preparation for the opening day crowds.

Meanwhile Coach Thistlethwaite and his aids are busily engaged whipping his grid candidates into shape to meet the invasion of the South Dakota eleven.

Coach Thistlethwaite plans to use a number of players in the opening game in order to get a line on what material

he has available for the forthcoming season. Capt. "Moon" Baker will be back again at his old position at left half. He will be assisted in the backfield by a number of candidates including Griffith, Schumacher, Holmer, Gustafson, halfbacks; Solheim, Rusch, B. Fox and Welch, quarterbacks, and Levison and Colin, fullbacks.

A large number of ends will get a chance to perform. Fisher and Bovik, regulars from last year, will probably get a chance to show their wares. Gandy, Ritchie and Verdell, newcomers to the squad, are making strong bids for a flank assignment. Bob Johnson and R. Schuler are showing to advantage at tackle assignments. Justin Dart, a sophomore, and Gordon Rahr, letter men, together with a number of other candidates are waging a merry fight for the guard jobs.

ANNOUNCE CONCERT

Ambrose Weyrick, popular tenor, will give a concert at Orchestra hall October 14, at 8:15 o'clock in the evening, sponsored by the Woman's Home Missionary society, northern district, of the Methodist church. He will be accompanied by Albert Heilman.

The Fidelis sorority entertained at a "rushing" luncheon at the Old Hayloft in Evanston last Saturday. Two new members were pledged at that time, Miss Jane Baudauine and Miss Marian Elias, of Wilmette.

GUARD AGAINST MALNUTRITION

MALNUTRITION or under-nourishment afflicts the rich and poor alike. Yet the remedy or prevention is simple.

Fresh milk—the whole, cream milk—at least a quart a day—is your greatest safeguard against this health-sapping ailment.

Bowman's Milk is just such whole milk: rich in all the vitamins so necessary to health. It gives quick energy to offset fatigue. It builds firm muscles strong bones and firm white teeth.

Drink Bowman's Milk freely. See that your children have plenty—as a beverage and in foods. It is your best assurance against malnutrition.
