

Jeweler to Show His Handicraft

One of this country's most interesting and historic arts has been enriched by the enrollment of a noted European silverware artist and craftsman, Erik Magnussen, who has decided to assume American citizenship.

Mr. Magnussen, whose interesting exhibit in New York was attended by thousands of art lovers, will exhibit many of his fine pieces and the method of making them, in the Silverware Gallery of Spaulding and company on Michigan avenue, October 5 to 9 inclusive. A native of Denmark, his works

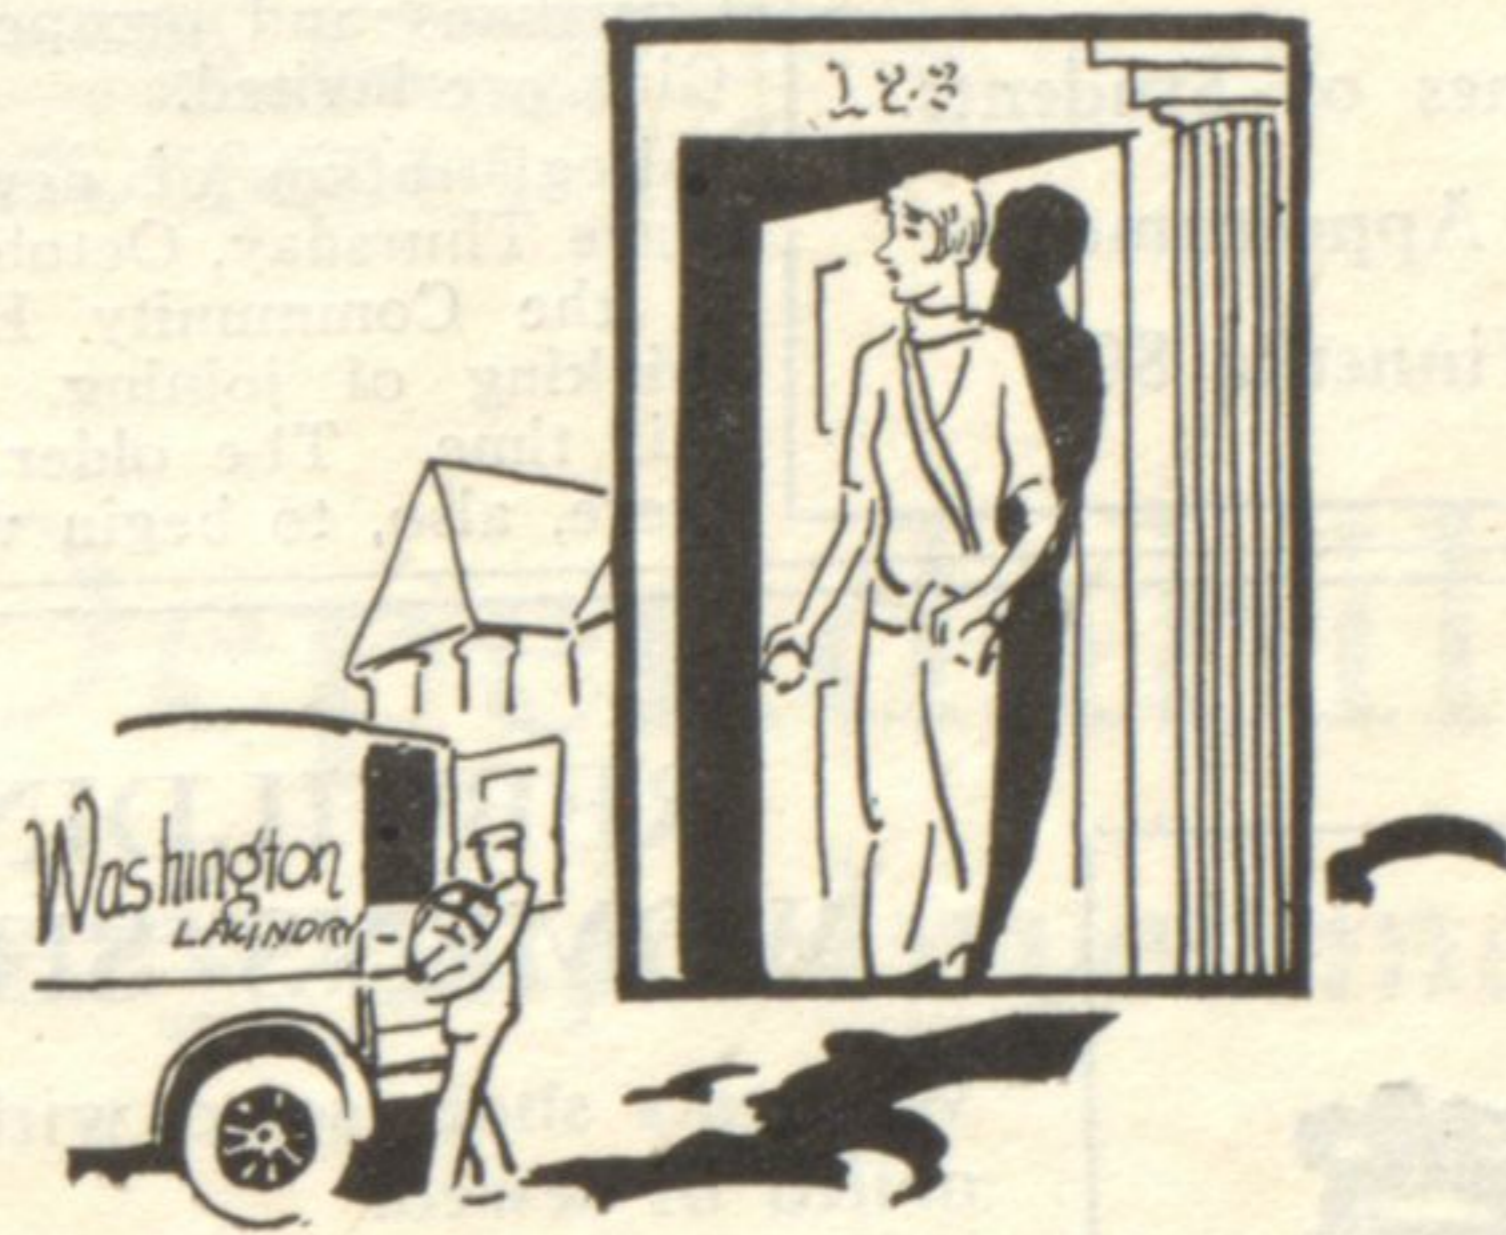

have been a feature of the Salon d'Automne at Paris, the Danish Salon, and Danish Art Museum. Magnussen, with his classical and European background and his receptiveness to impressions of vigorous America, has already created many new forms, styles, and motifs.

Washday from Her Calendar
—have you?

By systematizing her housework and using our laundry service, she now has time for many outside interests. She can take an active part in church work, and she has time to visit with her friends, to read and study, and enjoy many other pleasant duties.

You, too, can do the same thing. A few words on the telephone or to Bill the Washington Laundry Man and "washday" would be removed from your calendar—your mind—and your home.
