THE other night one
OF our customers was
TELLING us about his
YOUNG son who is in the
FIRST grade at school.
HE said that the boy
CAME home crying and
SAID that two boys in
THE second grade had
JUMPED on him. His father
ASKED him why he didn't
FIGHT them back as they
WERE about the same size.
THE boy replied "Well
TWO boys in the second
GRADE is the same as
ONE boy in the fourth
GRADE" and we are inclined
TO think that the young
MAN'S reasoning was
JUST about right—which
REMINDS us that when
YOU folks buy one of
OUR guaranteed Kantleek
HOT WATER bottles you
ARE better off than
BUYING four cheap ones.

MEMBERSHIP DRIVE

**League of Women Voters Launches
New Season With Goal of 1,000
Memberships; Offers Awards**

The membership drive of the League of Women Voters opened Monday, October 4, with a tea for precinct chairmen and block captains given by Mrs. George F. Suker, membership chairman, at her home, 1028 Starr road. The drive will close October 25, the date of the citizenship school.

In order that the Winnetka league may compete for prizes offered by the Illinois League in a state membership drive, membership renewals for 1927 will be collected as well as new memberships received.

A prize of \$20 has been offered to the local league securing the greatest number of renewals and new members

between April 1 and October 31. Another prize of \$20 will be awarded the local league making the largest percentage gain in membership. As an incentive to individual members who take part in these campaigns a prize of \$10 will be given to the local league member securing the largest number of members.

In addition to the state prizes an interested member of the Winnetka league is offering Chicago Civic Opera tickets to the block captain securing the greatest number of members in the local drive.

The Winnetka league with a present membership of nearly 800 hopes to attain a membership of 1,000 before the close of the year.

The dues of the league are \$1 and are purposely small in order that every woman may be able to join. The membership fee also covers a subscription to the state bulletin, which is a magazine on woman's part in political issues.

Will Give Lecture on New Educational Method

An explanation of the Barbareaux system of "educational unfoldment," will be included in the lecture to be given Monday evening, October 11 at 8 o'clock in the Community House on "Progressive Education and its Association with Music," by Madame Barbareaux Parry, director of the Barbareaux school. This school has a musical kindergarten branch in Winnetka.

Madame Parry's theory is education by intuition, instead of the mind consciously directed. She has been spending the entire summer abroad, studying the latest methods of education. She brings to her audience the results of years of study.
