Kemper Finds Star Football Player in Winberg of Wilmette

When Howard Winberg carried the ball forty yards for a touchdown and performed other similar feats which aided so materially in his team's victory, 29 to 3, Tuesday of last week, little fear remained on the part of Kemper Military academy as to the efficiency of this year's football team.

Winberg, who was one of the organizers and promoters of the Terminal Athletic club of Wilmette, and one of the best athletes on the north shore, entered Kemper this fall as a freshman. The academy paper last week, says, "The combination of Denman, Winberg, Johnson and Dean ought to make one of the fastest backfields in the history of the school."

Press dispatches last week from Booneville, Mo., on Kemper's first game says:

"Kemper Military academy tried out its 1926 gridiron squad here, Monday, against Jefferson City Junior High and ran up a 29 to 3 score.

"As only four letter men are back at school this year some fear was felt that the team would lack power, but two newcomers, Denman and Winberg, both backfield men, showed consistent ground-gaining talents."
