To Develop Athletic Field on McCormick

In order to provide summer recreation facilities for its employees in this district, the Public Service Company of Northern Illinois, has acquired a large tract of open prairie at the corner of Cleveland street and McCormick boulevard, Niles Center.

This tract will be gradually developed into a regular athletic field with baseball diamonds, tennis courts, soccer field and so forth, according to the company's plan.

A sum of money has been set aside to help in this development but a large share of the labor on the new field will be supplied by the employees as the project is for their benefit.
