

## CHURCH CELEBRATES ITS FIFTIETH ANNIVERSARY

**Christ Church Fifty Years Old This Week; Bishop Anderson Speaks at Ceremony**

The past week has been an epochal event in the history of Christ church, Winnetka, in the observance of its fiftieth anniversary, the plans of which were given in detail in the WINNETKA TALK last week.

The Rev. E. Ashley Gerhard, rector of the parish, delivered the anniversary sermon Sunday morning. At the Young People's fellowship meeting Sunday evening, the principal speaker was the Rev. Gerald G. Moore, rector of the Church of the Advent, Chicago, whose father, the Rev. Henry G. Moore, was rector of Christ church parish from 1897 to 1907.

The family reunion at the Parish house, Tuesday evening, was a most enjoyable affair. Rev. H. R. Neely, present rector of Calvary church, Chicago, who was rector of Christ church from 1891 to 1895, was the only one of the parish who was able to be present, but letters were read from many others.

### Bishop Anderson Speaks

Bishop and Mrs. Charles P. Anderson, of Chicago, were here, the bishop being one of the principal speakers of the evening. Talks also were made by the Rev. E. Ashley Gerhard, rector of the parish, the Rev. Gerald G. Moore, of Chicago, and the Rev. James Austin Richards, pastor of the Winnetka Congregational church.

Wednesday evening was given over to a choir reunion, which also proved one of the pleasant occasions in connection with jubilee week.

At the conclusion of Rev. Richard's talk, Tuesday evening, he presented to the parish a set of resolutions, beautifully engrossed and framed. The resolutions were drawn up by the board of deacons of the Congregational church, and at the Sunday morning service were presented by Lawrence A. Janney, to the congregation, by whom they were adopted by a rising vote. The resolutions follow:

### Text of Resolution

"Whereas Christ church is about to celebrate the completion of fifty years of noble Christian service

"And whereas the Winnetka Congregational church desires to express its sentiment of warm friendship for Christ church and its appreciation of the fellowship of the two churches in their common community;

"Now, therefore, be it resolved: That we, the ministers and people of the Winnetka Congregational church tender hearty greetings and felicitations to the rector, vestry, and parish of Christ church upon its happy completion of a half century of devotion to the work of the Master in this community; that we offer our sincere best wishes for the continuance of the high usefulness of Christ church to the end that its ideals and its influence may be forever impressed upon this community; and that we wish for each one in the fellowship of Christ church the greatest joy and satisfaction in the celebration of this richly significant anniversary."

Mrs. Robert J. Witt gave a luncheon on October 6, at the Blackstone hotel in honor of Mrs. Henry Riggs Rathbone, 312 Sheridan road, Kenilworth. The luncheon was followed by a matinee party. Mrs. Rathbone was also a guest of honor at a luncheon given by The Ideal Woman's club in the Crystal ballroom of the Blackstone hotel on Thursday, October 7.

Mrs. Thomas Coyne, 240 Melrose avenue, is entertaining her luncheon club today.

## Bride's Grandfather Comes from England for Wedding Service

The marriage of Miss Madge Tarrant, daughter of Mr. and Mrs. Joseph H. Tarrant of 944 Fig street, to Douglas Jack Headford of England, took place Saturday evening, October 2, at 7:30 o'clock, at the Winnetka Congregational church. Rev. James A. Richards performed the ceremony.

The bride was gowned in white satin, trimmed with imported lace. She wore a tight bodice, and full skirt trimmed with crinoline. Her veil, with a band of orange blossoms, was worn by her mother at her wedding. The bride carried a shower bouquet of roses and lilies-of-the-valley.

Miss Ray Kriete of Kenilworth, as maid of honor wore a yellow flowered taffeta gown, and carried red roses and white chrysanthemums. Miss Clemace Stephens of Oak Park, who attended the bride as bridesmaid, was gowned in yellow taffeta and carried lavender sweet peas and yellow roses. Little Virginia Nickel of 100 Bertling lane, carried a bouquet of lavender sweet peas, yellow roses and baby's breath.

Harold Richard Tarrant, brother of the bride, acted as best man, and Delos C. Whips and Adam Spear of Chicago were ushers. Mrs. Headford graduated from Northwestern university.

The church and house, where the reception followed the ceremony, were decorated in yellow and white gladioli. After a motor trip through Wis-

## Chrysler is Pioneer in New Improvements

Detroit. A study of the motor car of today reveals the continued far-reaching influence that Chrysler has exerted on all types of motor cars. That company, nearly three years ago, pioneered a score or more of fundamental and revolutionary improvements which are consistently being adopted—some in one car, others in another. Moreover, continuously since its first car, Chrysler has added numerous other features. The company points out that it introduced the car which first combined the abilities of 70 miles and more per hour, acceleration of 5 to 25 miles in 7 1/4 seconds and a gasoline economy of better than 20 miles per gallon. Chrysler's seven-bearing crankshaft, extra large and balanced statically and dynamically, with shimless bearings, was the first such in its field.

On the first car the company produced, appeared as standard equipment the oil filter, now widely accepted throughout the industry; thermostatic engine heat control new in cars of this price class; heat indicator on the dash, known as the radimeter; and the air

cleaner, restricting all dirt and dust from the engine, and assisting to eliminate carbon.

Scientific fuel distribution in the first Chrysler was achieved by designing each cylinder to receive identical charges of gas vapor at identical temperatures, with its resulting fuel economy, power evenness and flashing pick-up. To facilitate cold weather starting and minimize crankcase dilution, the engineers introduced the electrical fumer. Manifold heat control, another pioneer step, makes for continued better operation.
