

# Your Family Will Love This Home In

## DEERE PARK

It would be hard to find anywhere a more attractive and well-planned house, or a more charming spot for it — than this home in Deere Park.

You must come and see it. Bring all your family—wander over the prettily wooded property, enter and see for yourself the delights and conveniences that this finished house offers as a home.

The house will charm you — not only by its

beauty, but because it is as *complete* a home as you ever saw. Attention has been paid to all the details and refinements that mean so much in the way of comfortable, satisfactory *living*.

Come as soon as you can—you will be accorded every courtesy, but will not be urged to buy. Deere Park itself is the only urge. Drive in from Sheridan Road just east of Ravinia. There will always be someone there to give you attention.

See the model of Deere Park subdivision and the exhibit of Bannockburn views at the Better Homes Exposition in Highland Park, Wednesday, Thursday and Friday, Oct. 13, 14 and 15.
