**Classes in English to
 Begin Monday, Nov. 1**

Classes in English begin in Community House Monday evening, November 1, and will be held Monday and Tuesday evenings, at 8 o'clock, each week until the end of March.

There will be classes for beginners and also for those more advanced in English. The work is under the direction of a teaching staff from the Winnetka Public schools and is sponsored by the School board, as well as by Community House.

It is important that all who are thinking of entering these classes register before the opening night, November 1. There will be two registration nights before the classes begin, when those who wish to take this work should go to Community House, pay their fees and be fully registered, so that they are all ready to begin their classes on the opening night. Monday evening, October 18, and Monday evening, October 25 are registration nights. No one will be received into the classes who is not fully registered. Call the office of Community House, Winnetka 538, for further information, it is asked. This is a real opportunity for all foreigners wishing to learn English. Winnetka residents who know of such people, are asked to pass on this information to them.

**William Merrill Resumes
 Control of Cab Company**

William Merrill is again at the head of the Black and White Cab company, having purchased the business from U. C. Abel, to whom he sold it some time ago. Mr. Abel henceforth will devote his entire time to his Exide Battery and Ignition business, at 554 Lincoln avenue. The Black and White Cab company still operates at the same old number, 552 Lincoln avenue, but with Merrill again at the "wheel."

**Houren to Leave
 Sunday for Fire
 Chief's Meeting**

Chief G. M. Houren, of the Winnetka fire department, will leave Sunday for New Orleans, La., to attend the annual convention of the International Association of Fire Engineers, and with other members of the association will witness the initial presentation of "The Fire Brigade," a new movie which is to be shown for the first time before an audience of fire chiefs assembled from all over the world.

The business of the association will cover a period of four days. Chief Houren expects to return home Saturday of next week.

The association, during the past year has been co-operating with the Metro-Goldwyn-Mayer corporation in the production of "The Fire Brigade," which it is claimed will be one of the most spectacular movies yet produced. The picture was filmed in the Culver City, California, studios and during its making it is said that at various times every part of the equipment of the Los Angeles fire department was used.

It will not only serve to make the general public more appreciative of its faithful servants, the firemen, but will also give the necessary thrill so essential to satisfy the present day movie fans.

The new show, it is said, will be released for the public show houses immediately following its initial showing before the coming association of fire chiefs.

PLAN LADIES' NIGHT

Tuesday evening, October 19, will be Ladies' Night in Winnetka lodge, A. F. and A. M. Bridge and 500 will be played and prizes will be given for the highest scores. Refreshments will be served.
