P. W. Bradstreet Announces Many Big Sales This Week

P. W. Bradstreet and company report a number of recent sales this week.

The residence property at 259 Ridge avenue, recently owned and occupied by the Gerald Hoyts, has been sold to the John Walter Millers, of Chicago, who, after making some extensive alterations and repairs to the property will occupy it as their home.

They have also sold one hundred feet of vacant on Ridge avenue south of and adjoining the Martin Lindsey home and which was formerly owned by Harold Zeiss, to Robert Burrows, of 271 Linden avenue, Winnetka.

Another important transaction in vacant, is that of a large piece having 150 feet frontage on Church road with a depth of 300 feet, and lying south of the residence of Mrs. Charles Fuller. It was sold for Dr. Sawyer Brown to Horace M. Capron, of Evanston. The Caprons were formerly an old Winnetka family and will improve their recently acquired holdings in vacant with the erection of a fine new residence.

For Alfred Stern, of the Kuppenheimer firm, they have sold the one and one-half acres in the Higginson tract north of Hill road and adjoining the Howard Phillips estate, to Paul C. Dodge, an investment banker of Chicago.

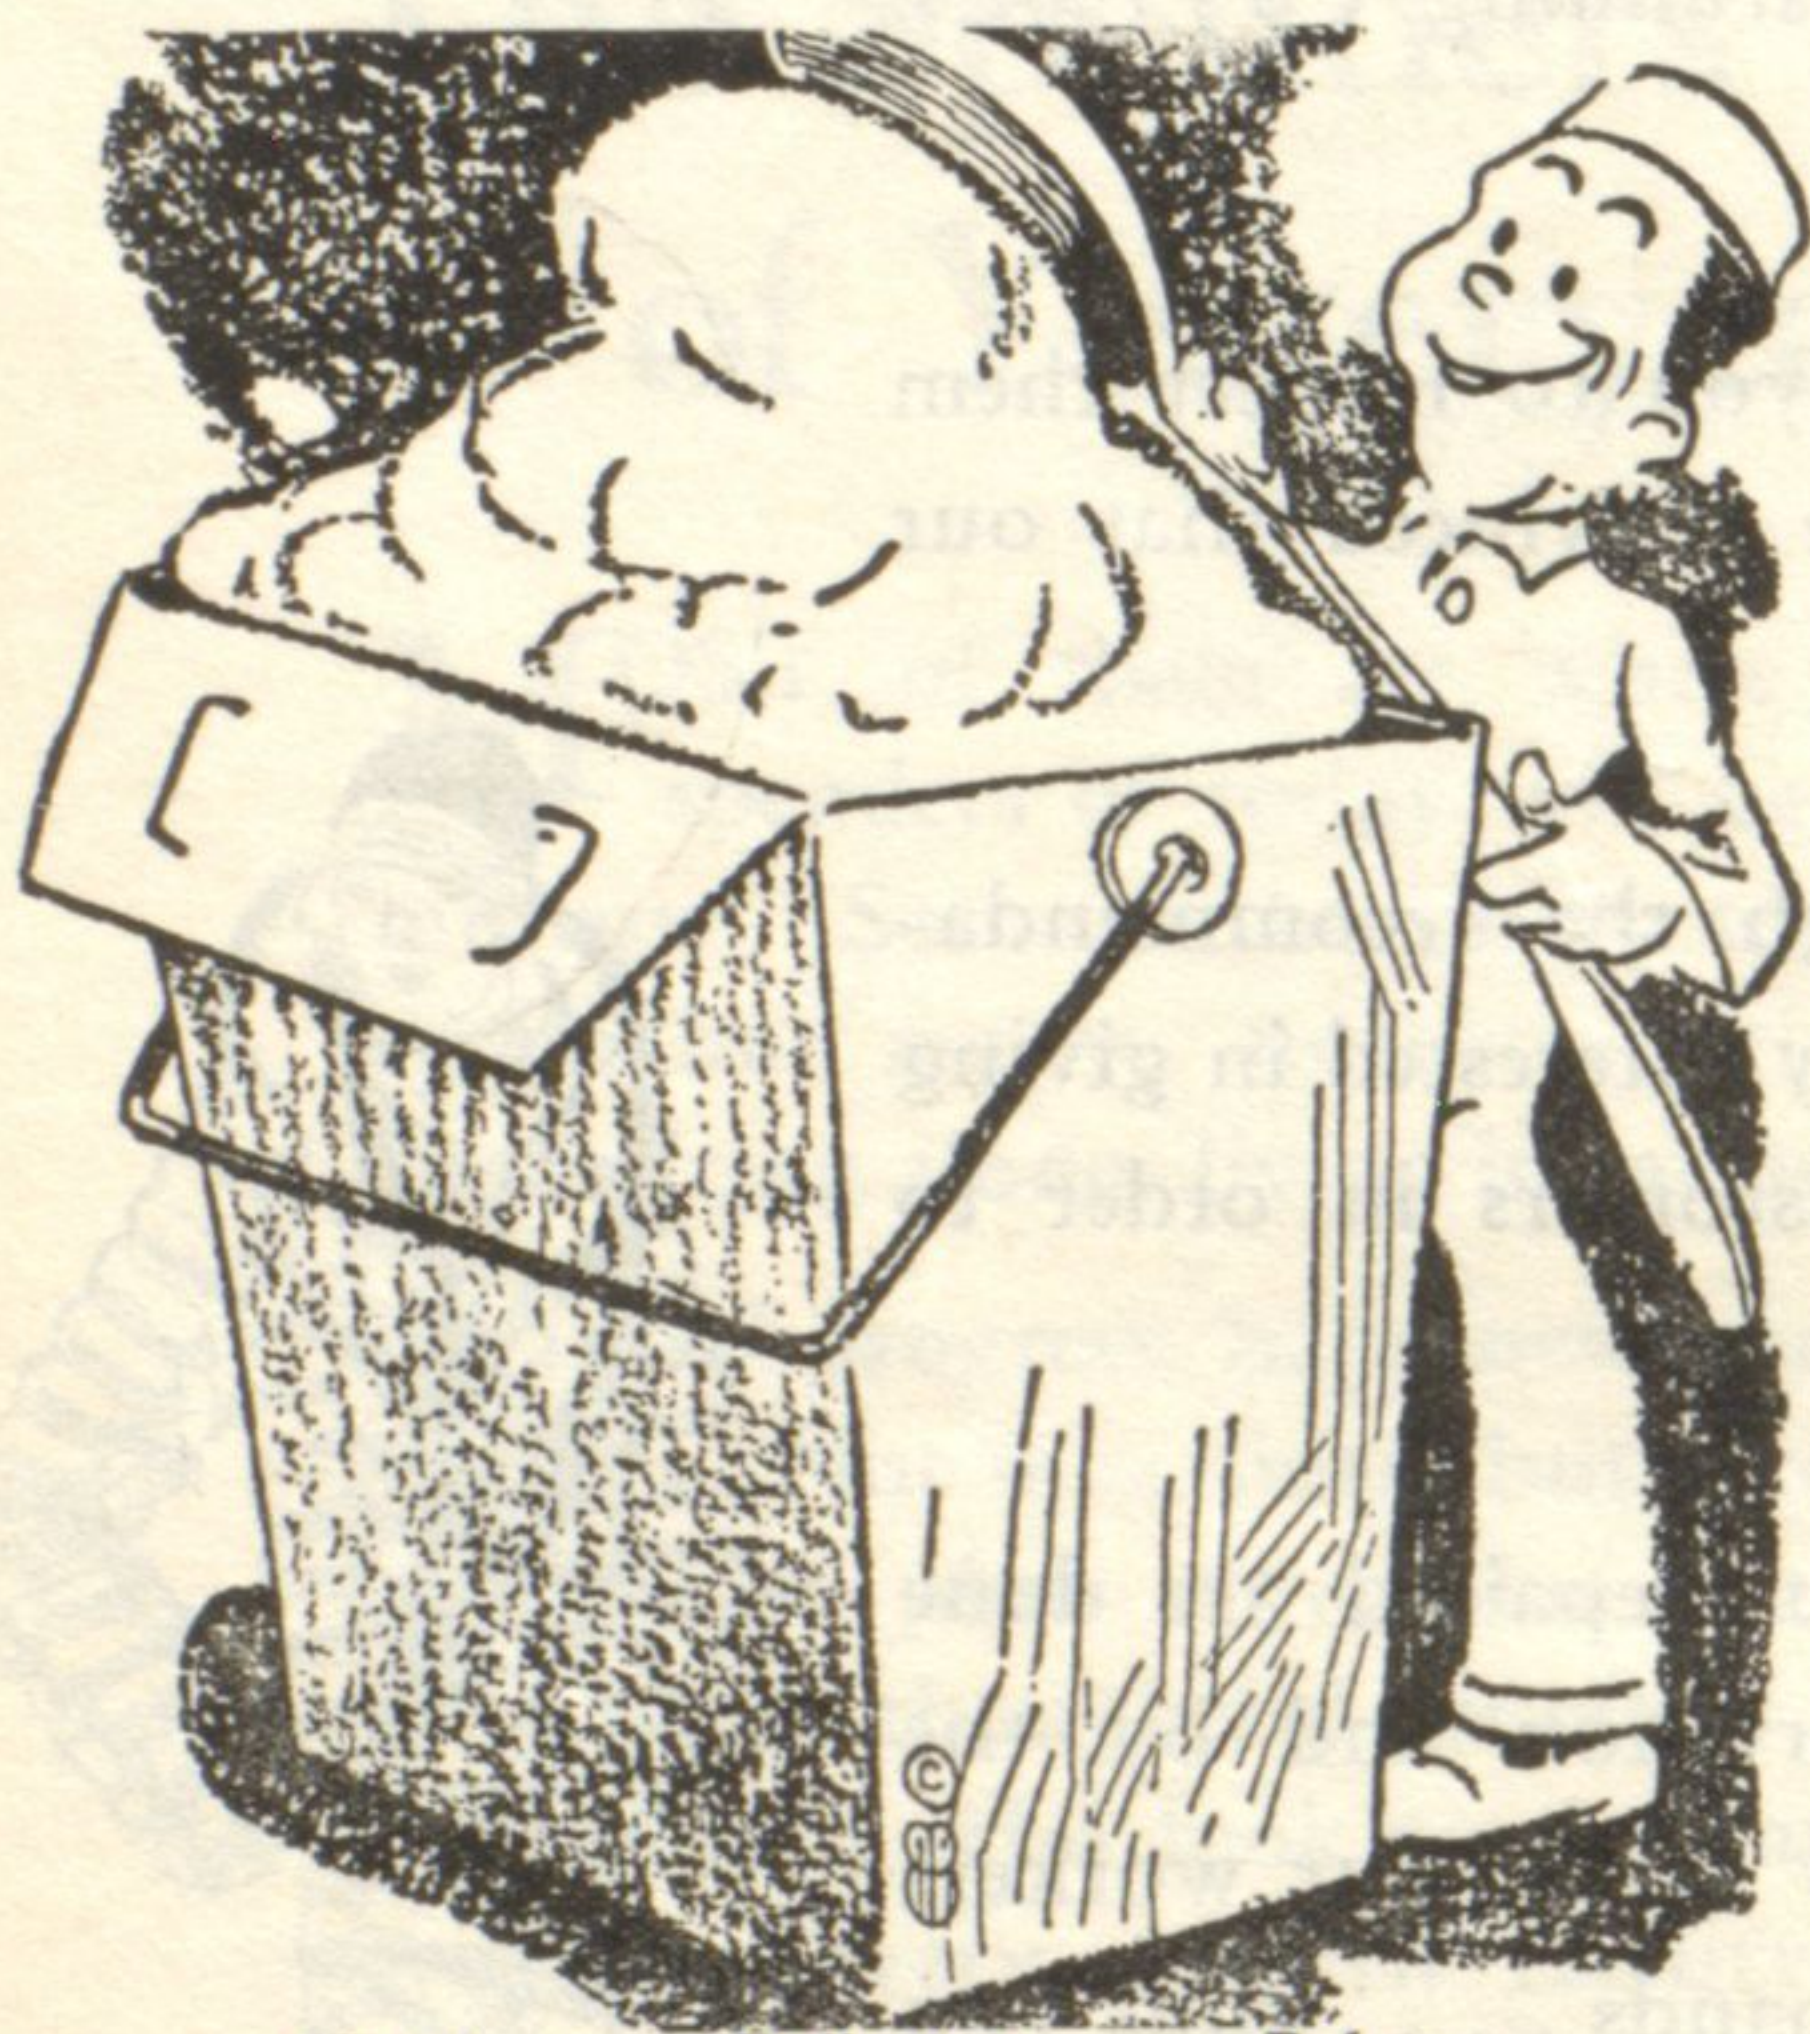

They also sold for Mr. Stern a tract of 1.37 acres adjoining the Hathaway Watson estate to Everett R. Cook, of Evanston. Both of these tracts, it is said, are to be improved with fine residences.

Dudley Bradstreet, individually, has purchased three pieces of vacant at the southeast corner of Locust road and Kenilworth avenue, with a total frontage on Locust road of 133 feet and 113 feet on Kenilworth avenue.
