Return From Extensive Tour of Copper Country

Mr. and Mrs. G. F. Johnston returned Saturday from a two weeks' motor trip of 2,500 miles through the copper regions, in northern Michigan, and on to Duluth and Port Arthur. They found excellent roads throughout their travels, they report, and the trip was a most delightful one from every standpoint. Mrs. Johnston's father, A. F. MacDonald, accompanied them, but remained for a two months' visit with his daughter, Mrs. W. B. Matter, at Duluth.

RED CROSS FUND LOW

Disaster Relief Depletes Treasury, Bringing Need of Greater Response to Annual Membership Appeal

Disaster relief work has almost depleted Red Cross treasuries and made more imperative than ever the demand for donations when the annual pre-holiday drive comes.

This is the statement of the chairman of the Evanston branch of the Chicago Red Cross chapter, Mrs. James A. Patten, previous to the formal announcement of the drive, to open, as usual, Armistice Day, and to continue through Thanksgiving.

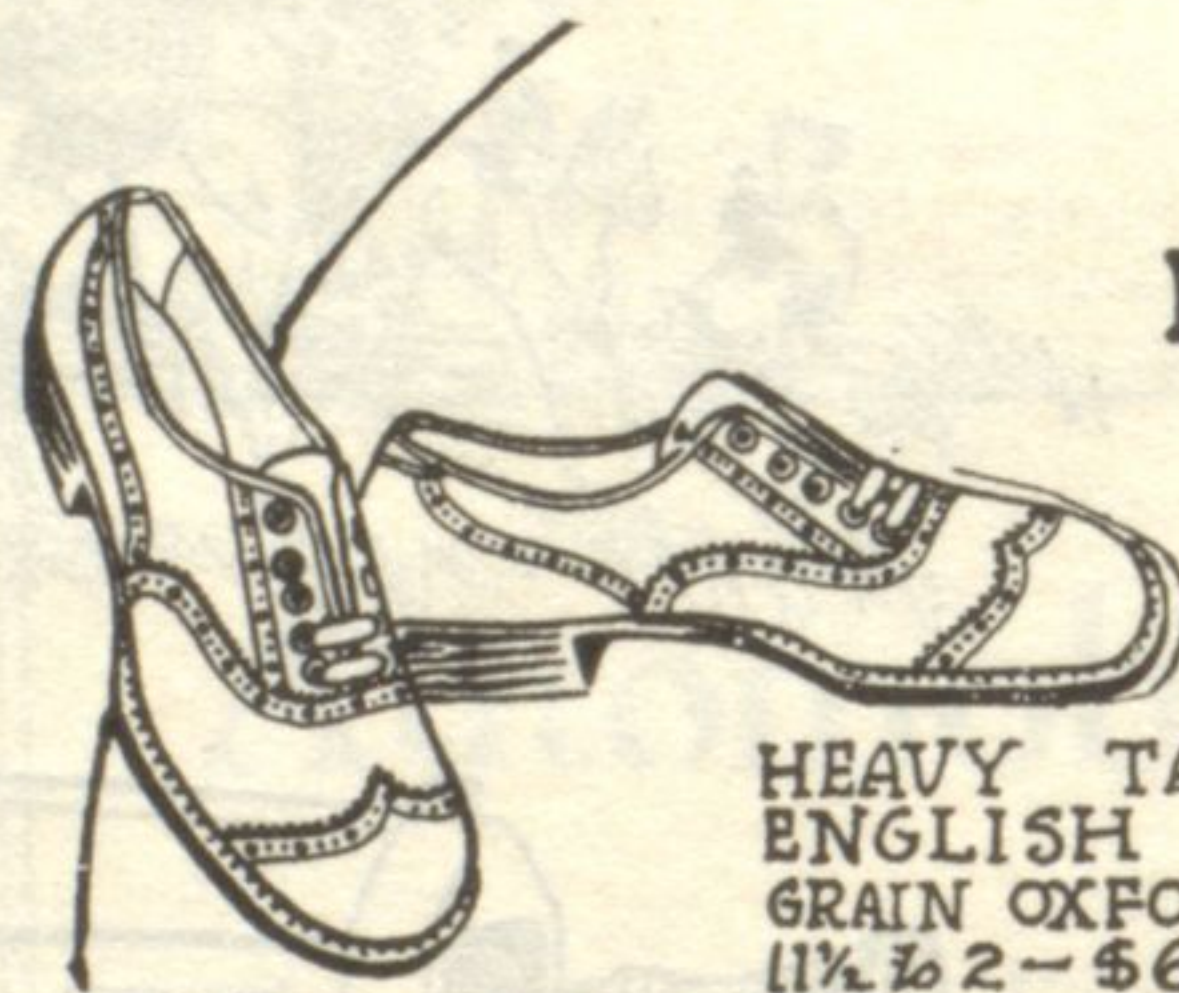

This announcement will be made, according to Mrs. Patten, when representatives of the Chicago chapter return from the national meeting held in Washington, D. C.

Additional to the call for funds, there is need of help with the sewing sent out from local headquarters to various societies whose aid the branch is greatly appreciating. There is need of much clothing for disaster relief, not alone in Florida but in the flooded districts of Illinois, and this need, with that of money, must make the impending drive more effectual than usual, officials state.

"The greatest satisfaction in the hurricane and disaster trouble," states Mrs. Patten, "is that people do recognize the Red Cross as the correct agency for relief. These disasters have proved it as never before."
