

GET WATER, SEWER

Village Lets Contracts for Improvements in Alles and Daughaday Subdivisions

Last Wednesday evening the Village council passed a resolution awarding a contract to the Charles M. Porter company, totalling approximately \$150,000, for the construction of underground utilities primarily to serve the two extensive new developments near Crow Island wooded park owned by Messrs C. Colton Daughaday and

Hamilton Daughaday, and the Alles family.

The water system is the consummation of a plan thoroughly and carefully worked out by Windes and Marsh, village engineers, in consultation with Frank D. Chase, Inc., consulting engineers, for the improvement of water service of the western part of Winnetka. Many of the present mains in Winnetka's western streets are 4-inch "dead ends." A ten-inch water main will now extend from Tower road to Hill road, a distance of 1 1/2 miles, with many intercepting pressure loops. Under Hill road at Daughaday Acres the loop returns eastward in an 8-inch

main and thence back to the water works at Tower road through the existing system. A more flexible service is thus obtained resulting in a better and steadier flow. Better fire protection is assured for the entire western section of the village as water may be obtained from two directions at the same time.

The Daughaday property and the Alles subdivision, which are now being opened up as a fine residence district, will be served by sanitary sewers connecting with the great intercepting sewer of the Sanitary District of Chicago, which traverses those properties. This sewer leads to Evanston and the Chicago drainage canal. The sewer averages 19 feet in depth through the Daughaday property,

The successful bidder for the contract, Charles W. Porter company, has had forty years experience, and a fine record on very important work of similar character along the north shore. The contract calls for the work to be finished, sewer and water installed and working, on December 15, 1926.

Mrs. Frank Anderson of 910 Spruce street, Worthy Matron of the Winnetka chapter of the Eastern Star, has returned after spending several days in Springfield, attending the sessions of the Grand chapter of the Eastern Star.

P. T. A. Room Chairmen Confer With Teachers

Mrs. Warren Shoemaker, chairman of the Hubbard Woods Parent-Teacher association held the first meeting of the room chairmen teachers at her home, 45 Green Bay road, Friday, October 8.

Mrs. Green, president of the Winnetka Parent-Teacher association discussed the aim of the association for the year. Plans were made for the work of the year for the Hubbard Woods association, and two evening and one afternoon meetings decided upon. The opening meeting will be held Tuesday, October 26 at 3 o'clock.

Each room chairman is planning to hold a room meeting soon, the question of organizing child study groups will be discussed.

AT HOMECOMING

Among those who are going to Champaign to attend the homecoming at the University of Illinois are Amy and Fred Hagen, Jr. of Winnetka, Jessie Booth of Wilmette, Willard Olson of Glencoe, Alverda Helming of Lake Bluff and Ballard Rolins of Wilmette, who left Friday, October 15, and drive to Champaign. Amy and Fred Hagen, Jr., will visit their brother, Jack, who is a member of the freshman class at Illinois this year.

The Result of Service

An additional delivery truck for our North Shore Clientele

THE United States Supreme Court defines Goodwill, "as the disposition of a satisfied customer to return to the place where he has been well treated."

In response to the ever increasing demand for our unexcelled family laundry services, we have added another delivery truck to our present North Shore fleet of three.

The big reason for our increased patronage is because hundreds of North Shore housewives have found a few words on the telephone or to Bill the Washington Laundry Man results in a New Day a week for them—and the removal of Washday from their calendar forever.

Unseen Sources of Long Life

The basic sources of automobile value are not always apparent to the eye.

A motor car, like a house, may LOOK a great deal more substantial than it really is.

Because of this difficulty, more and more thousands are turning to Dodge Brothers product for insurance against disappointment.

The years have proved, and each year proves anew, that Dodge Brothers are as deeply concerned with the UNSEEN goodness of their motor car as with the seen.

The mileage it will deliver, the safety it will provide, the expense and trouble it will save the owner over a period of years, are quite as important to Dodge Brothers as the more obvious details of equipment and style.
