

INDIAN HILL CALLS TO INITIAL MEETING

President Lee Walker to Preside at First Autumn Session of Improvement Association

The Indian Hill Improvement association opens its new season with a meeting Monday evening, October 25, at 8:15 o'clock at the Mess hall of New Trier High school.

President Lee Walker, in his announcement says: "what we want to do is to bring together our old friends and meet our new neighbors. There will undoubtedly be a lot of chatter, and, besides, I am told we are to have dancing and cards, as well as refreshments.

The membership campaign, which has been going on for some time, with marked success, will soon be brought to a close it is said, and it is desired that every resident of the Indian Hill section becomes enrolled.

All men and women residing in Winnetka, on and south of Willow street and east of Linden street, are, by virtue of that fact alone, members of the association, not merely eligible to membership, but actual members. New residents of this district are therefore asked not to wait for a personal invitation from any source before attending meetings.

The Indian Hill Improvement association feels that it is not at all immodest in saying that the fine development of the section as a residential district is due in a great measure to the activities of the association. It points out that it has been active in suppressing undesirable conditions, in preventing the unnecessary spread of business in the community and in the establishment of parks.

HALLOWE'EN'S COMIN'

And Community House Is Being Made Ready for That Annual Session of Spooky Fun and Frolic

Saturday night, October 30, has been chosen for the Hallowe'en party at Community House. Committees are already busy at work arranging for this unique celebration which, along with many other Winnetka institutions has gained fame far beyond its own border.

The Winnetka Community House Hallowe'en party is an event looked forward to perhaps more eagerly by the boys and girls of the village than any other single occasion. Each year it has so grown in attendance and popularity that elaborate planning and organization is necessary to handle the crowd. The attendance last year ran well over two thousand.

Because it is a constructive event, replacing with wholesome fun the Hallowe'en vandalism that prevailed in the community before it was inaugurated, it has always had the whole hearted support of the entire village. Its wide appeal and the character of some of the activities is indicated by the personnel of the committee in charge will follow:

Captain Kidd Buccaneers, A. Montague Ferry, chairman; Benj. J. Kellum, Charles Moon, Percy Hammond, Arthur Dean, C. W. Washburn and Ayres Boal.

Fortune Tellers: In charge of a group from the Woman's club.

May Hold Women's Mid-West Hockey Tournament Here

The Winnetka Hockey club may succeed in having the Mid-Western tournament, which is played between the All-Chicago, Urbana, and Madison hockey teams, take place on the Skokie Playfield, November 20. If the tournament is not held in Winnetka, it will likely be held on the Lincoln Park field, in Chicago.

Tryouts for the All-Chicago team will take place this afternoon on the Lincoln Park field. Representatives from the nine Chicago teams, including Winnetka, try for positions on the team.

Following the Mid-Western tournament, the selection committee will choose the Mid-Western team which will travel to Philadelphia to play. The selection committee is composed of a representative from each of the three teams, the Winnetka club having chosen Mrs. Henry F. Tenney of 193 Chestnut street, as its representative. The English coach, Cecily Warner from London, who coaches the Chicago team, is also a member of this committee to choose the Mid-Western team.

The players chosen by the Winnetka club to try out for the All-Chicago team are Margaret DeLay, Mrs. W. Dow Harvey, Mrs. Hallett W. Thorne, Mrs. Lewis Taylor, and Mrs. Henry F. Tenney, all of whom were members of the All-Chicago team last year, Helen Davis, Peggy Waidner and Mrs. Emmons Blaine, Jr.

The Winnetka club has been somewhat hampered this fall by weather conditions, making it almost impossible to practice in the Skokie Playfield, but with dry, cold days, the practices have been more regular. They are held Monday and Thursday at 3:30, and Saturday at 9 o'clock.

J. N. VanderVries to Talk to Chamber of Commerce

The next meeting of the Winnetka Chamber of Commerce will be held Monday evening, November 8, at Community House, at which time John N. VanderVries, of 968 Pine street, Winnetka, secretary of the U. S. Chamber of Commerce, will address the meeting.

Another of those splendid dinners will be served at 7 o'clock, preceding the business session and the address by Mr. VanderVries. Prof. John Borino will also furnish a musical program. There should be a large attendance of members.

RAILROAD ISSUES PLAN OF GRADE SEPARATION

Chicago and North Western Road Files Blueprints of Proposed Improvement Here

Grade separation, the dream of the north shore villages for many years, seems just a bit nearer realization with the appearance of blueprints, recently worked out by engineers of the Chicago and North Western railway, and placed on file with Windes and Marsh, engineers for Winnetka and Glencoe, and Charles N. Roberts, Wilmette village engineer.

These preliminary and, obviously, more or less tentative plans call for elevation in Wilmette and Kenilworth and depression of tracks in most of Winnetka and Glencoe, thus following in general, the natural grade through these communities.

A casual survey of the plans indicates full height subways at Oakwood, Linden, Wilmette, Central, Lake, Forest and Elmwood avenues in Wilmette and Kenilworth and Melrose avenues in Kenilworth. Those in Wilmette, with the exception of Wilmette avenue, would be 66 feet wide over all. Wilmette avenue would be 80 feet wide.

The Kenilworth avenue subway would be 80 feet wide over all, while Melrose avenue would be 66 feet.

Underground in Winnetka

Elevation would continue north into Winnetka to a gradual down grade, finding the first overhead bridge at Cherry street.

North from Melrose avenue, subways would be constructed at Ivy court (footpath only), a 66 foot subway at Winnetka avenue, a 44 foot subway at Sunset avenue, a 44 foot subway at Hawthorn avenue and a footpath at Willow avenue.

Thence north there is the first overhead bridge, 50 feet over all at Cherry street; an 86 foot overhead at Oak street; 86 foot overhead at Elm street, 50 foot at Pine street, 50 foot at Eldorado, 50 foot at Tower road, 55 foot at Hubbard place, 50 foot at Scott avenue (Glencoe), 50 foot at Woodlawn avenue, 50 foot at Madison avenue, 50 foot at South avenue, 80 foot at Hazel avenue, 80 foot at Park avenue, 50 foot at Lincoln avenue, 50 foot at Green Bay road, 35 foot at Sylvan road.

Plans indicate that the elevation to grade would begin at Green bay road, reaching the grade at about Greenwood avenue, Glencoe.

Would Close Green Bay

It is contemplated, the engineers state, that Green Bay road shall be closed east of the railroad right-of-ways, this being in compliance with the proposition to establish the through traffic highway just west of and parallel with the North Western right-of-way throughout Glencoe.

Plans do not indicate the type of subways contemplated by the railroad engineers, that is, whether they are to follow the design employed in Evanston, or are to be cut back at the embankments to permit a better view for traffic approaching at right angles.

Willow road subway, existent for many years, is being closed now in connection with the construction of Winnetka's stretch of the new traffic highway and the proposed underground foot path is now being constructed.

Among the changes from the railroad's plans, which would be requested by the Village of Winnetka, is the construction of an 80 foot overhead bridge at Hubbard place, instead of the indicated 55 foot overhead, it is stated.
