

**Mission Group Sponsors
Ambrose Wyrick Concert**

On Thursday evening, October 14, the Wilmette Auxiliary of the Woman's Home Missionary society, of the Rock River Conference presented at Orchestra hall, Chicago, the well known singer, Ambrose Wyrick, in a recital of songs of varied natures. The assisting artists were Miss Dorothy Bell, harpist, and Albert Heilman, accompanist.

Mr. Wyrick was received enthusiastically in his first group, a series of three by Handel, Schubert and La Forge. Of these three the most pleasing was the La Forge song, "O Ask of the Stars, Beloved." An encore being insisted upon, Mr. Wyrick sang "When I Come to You." He also sang a group of negro ballads, and, in Scotch kilties, three well known Scotch lyrics. Of this trio the favorite was Burns' stirring "Scots Wha Hae Wi Wallace Bled."

Miss Bell gave great satisfaction, and Mr. Heilman played Mr. Wyrick's accompaniments with marked ability and feeling.

Dr. and Mrs. Sanger Brown of Kenilworth have returned from a 4,000 mile motor trip through Canada and the East. They included Montreal, Quebec, the Adirondacks, the Berkshires, Boston, and many other cities, in their tour.

J. E. Sutton of 1185 Chatfield road has been stopping at The Manor in Asheville, N. C., where he has been visiting for some time.

Mr. and Mrs. J. W. Higgins of 1162 Scott avenue have as their guests, Mr. Higgin's niece and husband, Mr. and Mrs. Robert Griggs of West Union, Ia.

**Northwestern Students
Help New Trier Faculty**

Students from Northwestern university are assisting in the English, history, mathematics, Latin and French departments at New Trier this year. The practice teachers, as they are called, are members of a teacher's training class at the university and in order to fit themselves for their vocation, are spending a certain number of hours a day in helping the heads of the various departments at the High school. This is excellent training for them, because they assist in marking and preparing papers. Then, later, when they have obtained a better understanding of the work, they will take charge of the class occasionally. This will not be attempted, though, until they are capable of it, so that the students will not suffer from the experiment.
