Red Cross Takes Charge of Relief in Flood Area

Colder weather is adding its miseries to the thousands of homeless flood victims in the 143,000 acres of water-covered lands in and about Beardstown and Jacksonville, Ill.

Gov. Len Small has issued a proclamation calling for food and money to be sent to the stricken communities for relief.

The American Red Cross has been appealed to by the local authorities of each community to step in and organize the relief work. National Red cross from Washington has sent \$10,000 to start this relief. Each chapter of the American Red Cross throughout the State and Country will do its best in raising an adequate fund for the relief of these friends and neighbors in distress.

Hunters in Canada Lose Belongings in Lodge Fire

Earle L. Hart, 1211 Ashland avenue, Wilmette, got more than the hunter's accustomed thrill in a recent expedition to the Hudson Bay country. The story runs like this :

Mr. Hart, in company with six other huntsmen, went to Desire, Canada, several weeks ago, to hunt in the Hudson Bay country. Arriving at the palatial lodge of a friend at Desire, they deposited all their belongings, including money and railroad tickets, and proceeded northward in the prescribed hunters' garb.

After a successful expedition the party returned to Desire only to find the lodge a mass of charred ruins. Everything they had taken from home had been lost in the fire.

Mr. and Mrs. D. C. Mills of 809 Locust street have moved to Detroit, Mich.

Parents of High School Students View Class Work

Members of the freshman and sophomore classes and their parents met at New Trier High school Thursday of this week for the first of the series of meetings to be held this season under auspices of the New Trier High school Parent-Teacher association. On November 18 there will be a meeting for parents, only.

The final meeting of the year will be held May 5, 1927, complete arrangements for which have not as yet been made. It is known that a prominent educator will be secured to address the members of the association.
