Vote Straight

Republican for Continued Prosperity

### Northwestern Spirit Is Uppermost at Norshore

Northwestern spirit filled every corner of Norshore theater the first half of this week when "Campus Week" was celebrated. Football garbed ushers and organist, permeating strains of "Collegiate," a performer known to all Northwestern and "The Campus Flirt" on the screen, made the program one of the most popular of the season. The audience's participation in singing and yelling completed each evening's jamboree.

Rollin Pease

Even the orchestra leader added to the prevailing football atmosphere in the role of white-sweated referee. He and the organist with Moon's "22" on his back lead the Northwestern followers in singing "Go U Northwestern," the Push On song, and versions of popular songs exploiting Northwestern's team and promising the defeat of any and every opponent.

Rollin Pease, baritone and former director of Northwestern Glee club, sang three songs he has rendered before college audiences: "Captain of My Soul," "Bells of St. Mary's" and "On the Road to Mandalay."

During the whole performance purple-jerseyed ushers did their usual cavorting up and down the aisles, wearing the familiar "3," "27," "23" and "8" on their backs.

Mr. and Mrs. Frederick W. Gookin, Miss Natalie Gookin, of 321 Linden street, and Mrs. Horace Kennedy have returned from Estes Park, Colo., where they had been since June.

### ADOPT NEW PLAN FOR HANDLING OF FREIGHT

#### North Shore Line to Inaugurate Flatcar and Trailer Service That Is Unique

An innovation in the handling of less than carload lots of freight will feature this phase of service on the Chicago, North Shore and Milwaukee railroad, the North Shore line, in the near future, when flatcar and trailer equipment specially designed for the "Road of Service" is placed in operation between Chicago and Milwaukee.

This is the first equipment of its kind ever to be placed in service on any railroad in the United States. It differs from equipment somewhat similar in nature in that the trailers are mounted on the flatcars without the wheels being removed.

Special runways are provided whereby two trailers are mounted on each flatcar. Interlocking devices hold the trailers securely in place during transit.

The great savings in time and expense of handling shipments make this new equipment an outstanding contribution to the development of freight transportation. The trailers eliminate all extra handling of shipments, being loaded at the point of departure and unloaded at their destination.

The trailers will be hauled by motor truck to a central loading station, where they will be mounted on flatcars. Deliveries of the trailers will be made in similar manner to all parts of the cities embraced in this new type of service.

### Elect Three New Officials whose honesty, integrity and progressiveness has never been questioned

VOTE FOR THREE

ALD. JOHN J. TOUHY

FRANK F. ROEDER

GEORGE HULL PORTER

### SANITARY DISTRICT TRUSTEES

DEMOCRATIC CANDIDATES

ELECTION NOV. 2, 1926

Ald. John J. Touhy, in the Real Estate-Insurance Business, a member of the Chicago City Council for the past 10 years. Forceful, energetic. Endorsed by all Civic Organizations. Exceptionally fine record as a public official.

Frank F. Roeder, Chicago City Purchasing Agent, under Mayor Dever. Commended by the Citizens Committee for his efficiency and economy. He has saved for the City of Chicago, thousands of dollars heretofore wasted.

Geo. Hull Porter, General Manager of Railroad Department, Western Electric Co., handling millions of dollars of business each year. A real big business man for a big business office. Fully capable of administering a Public Office.

These three men are exceptionally well qualified for the offices which they seek and if elected will give an honest business administration in the affairs of the Sanitary District.
