

music *with* RADIOLA 20

THE music is clear—true—real! It comes over big distances—makes the evenings lively. And the weather reports—the news and speeches—are clear. Radiola 20 get the actual tone— gets it with a single turn of one control. It has a power tube for volume. It has five tubes drawing small current, but made to do the same work as many more tubes. It runs inextensively of dry batteries—gets the distant stations dependably—leads performance among sets anywhere near its price.
