Mr. and Mrs. Lansing B. Warner of 201 Sheridan road, are among the box-holders for the Chicago Civic opera which is beginning its winter season. Mrs. Warner has been an active worker on the committee and feels that the programs this year are going to be unusually fine. Each night a splendid group of stars will appear.

Charges Democrats Were Extravagant With County Funds

Taxpayers of Cook county have had to dig into their pockets and make good annual deficits ranging from \$482,000 to \$1,750,000 for the last four years under the Democratically controlled county board and its Demo-

Francis L. Boutell

crat president, whose power to stop this waste has never been questioned.

This is just one of several serious charges made by Alderman Francis L. Boutell, Republican candidate for president of the County board.

"Expenditures of the County board for the last four years have exceeded appropriations by hundreds of thousands of dollars," says Mr. Boutell. "The laws of the state plainly declare that this cannot be done, yet the facts show that it is being done. Each year vast sums of money taken from the taxpayers are used to pay bills of the previous year which has been contracted in excess of appropriations.

"At the present time there are 1,600 poor mothers and 4,000 helpless children entitled to aid under the Mothers' Pension Law whose claims for relief cannot even be investigated because of lack of funds. This condition could have been relieved by action of the state legislature either in 1923 or 1925. No effort was made to help them in 1923, and in 1925 the present head of the county board was busy getting legislation permitting the building of the new \$7,500,000 jail and courts building in his home ward.

Dr. J. W. F. Davies of the Winnetka Congregational church will be in Bridgeport, Conn., next week where he goes to attend a meeting of the Congregational Educational society.
