HE SERVES YOU BEST

Robert M. Sweitzer, who is finishing his fourth term as county clerk and clerk of the county court, is a candidate for re-election. It is needless to say that this announcement will meet with general approval, not only from those interested in politics, but from the general public as well. Seldom has a public official been as well thought of as Mr. Sweitzer, not only by those of his own party, but the opposition as well. His unfailing kindness, genial personality, and his insistence upon being accessible to any and all callers have, in the years in which he has held office, endeared him to all.

When Mr. Sweitzer first ran for office he was general salesman for the John V. Farwell company, where he established a record for dry goods sales of over a million dollars.

Immediately upon being elected County Clerk he instituted several reforms that were startling. He abolished the practice of the marrying justices which were in effect making the office a second Gretna Green.

HON. ROBERT M. SWEITZER Clerk of Cook County CANDIDATE FOR RE-ELECTION

As Comptroller he refused to allow the loan sharks to prey upon the employees of the County. He insisted that the tax payers comply strictly with the rules of the office. He urged that a public official was servant of the people and should at all times be accessible, and he said that as long as he held office his door would be open to all callers, a resolution which he has faithfully kept, and any person in Cook County, no matter what his station in life, can walk into this democratic man's office and get a respectful hearing, and judging by the number of people gathered in his office, day after day, it is plain indication that the people of our county are fully alive to the fact that they know where they have a friend who will lend a helping hand in their many troubles and perplexities.

No question of politics enters here but rather the friendly greeting,

"How can I best serve you?"
