Name of Wilmette Youth Placed on War Memorial

Among the names on the Honor Roll now being carved on both sides of the archway in Memorial Tower at the University of Missouri appears that of Robert Patterson Irvine of Wilmette. This tower, which is Gothic in structure and is a part of the Memorial Union, has been erected in memory of over one hundred University of Missouri men, who lost their lives in the world war, by the united alumni of that school. It is said to be the finest of its type on this continent and presents a splendid tribute.
