

Do You Know That

“When Winter Comes” it’s springtime in Sicily and on the Mediterranean?
 Not long now before it will be snowing and the sleet will be driving through the air with its cutting wind taking your breath away.
 At that time you can be summering in a luxuriant blaze of flowers in some sub-tropical climate or enjoying a holiday on a sightseeing voyage. If your available time is short you can go to

BERMUDA, THE WEST INDIES
 or
SOUTH AMERICA

If you have time for a longer voyage, why not take a Cruise to
EUROPE, THE MEDITERRANEAN, HONOLULU
 or
AROUND-THE-WORLD

In our NORTH SHORE TRAVEL BUREAU on the third floor, you will find all the latest cruise and other travel information that you want. All reservations and complete arrangements can be made there at the regular rates.
 May we send you one of our new travel booklets which includes all this information, or will you come in personally and let us plan that trip that will take you to sunny springtime when it’s cold and dreary wintertime at home?
