

“Mother Buy Me a Leather Coat”

How many times has your child made this appeal?

After you have seen the coats in our window, you will find it hard to say “No.”

They are made in straight coat style, also fashioned like a Lumber Jacket, made with colored knitted band at the neck, cuffs and bottom. Colors black and brown.

Priced at
\$10.50 - \$13.50 - \$15.75 - \$16.50

See our extra heavy pure wool Lumber Jackets.
\$5.95 - \$6.25 - \$6.75 - \$7.95

Camp Fire Girls

Thursday afternoon, October 28, the Winnetka Camp Fire girls paid a visit to the Gas works in Evanston as guests of the Public Service company. Two bus-loads of girls made the trip starting from Community House, and spent an interesting afternoon learning how gas is manufactured and distributed, and the care that is taken to insure good service in this necessary commodity. Mr. Carswell, the superintendent, and a corps of assistants were most kind in answering the many questions put to them, and in explaining the process of gas manufacture. One girl said “I never had so much respect for my gas stove before,” another replied “Yes, how much we take for granted—just as if it grew!”

The girls are to be allowed to write up the trip if they wish to do so, the best five receiving Camp Fire local honor beads.

Canoeing in Canada and Egyptian Trip on Skokie Program

Two assembly programs with lectures on trips to Egypt and Canada furnished a delightful addition to the scholastic side of the curriculum at the Skokie school this week. These programs are a regular part of the week's program and occur every Tuesday and Friday at 11:30 o'clock.

On Tuesday Arthur Smith gave an account of his canoe trip in Canada. This is the second time Mr. Smith has related his experiences to students at Skokie. Last year at about this time he told of another trip into Canada that lasted for about six months. On this trip he was entirely alone, as his guide deserted him after vainly urging an abandonment of the trip.

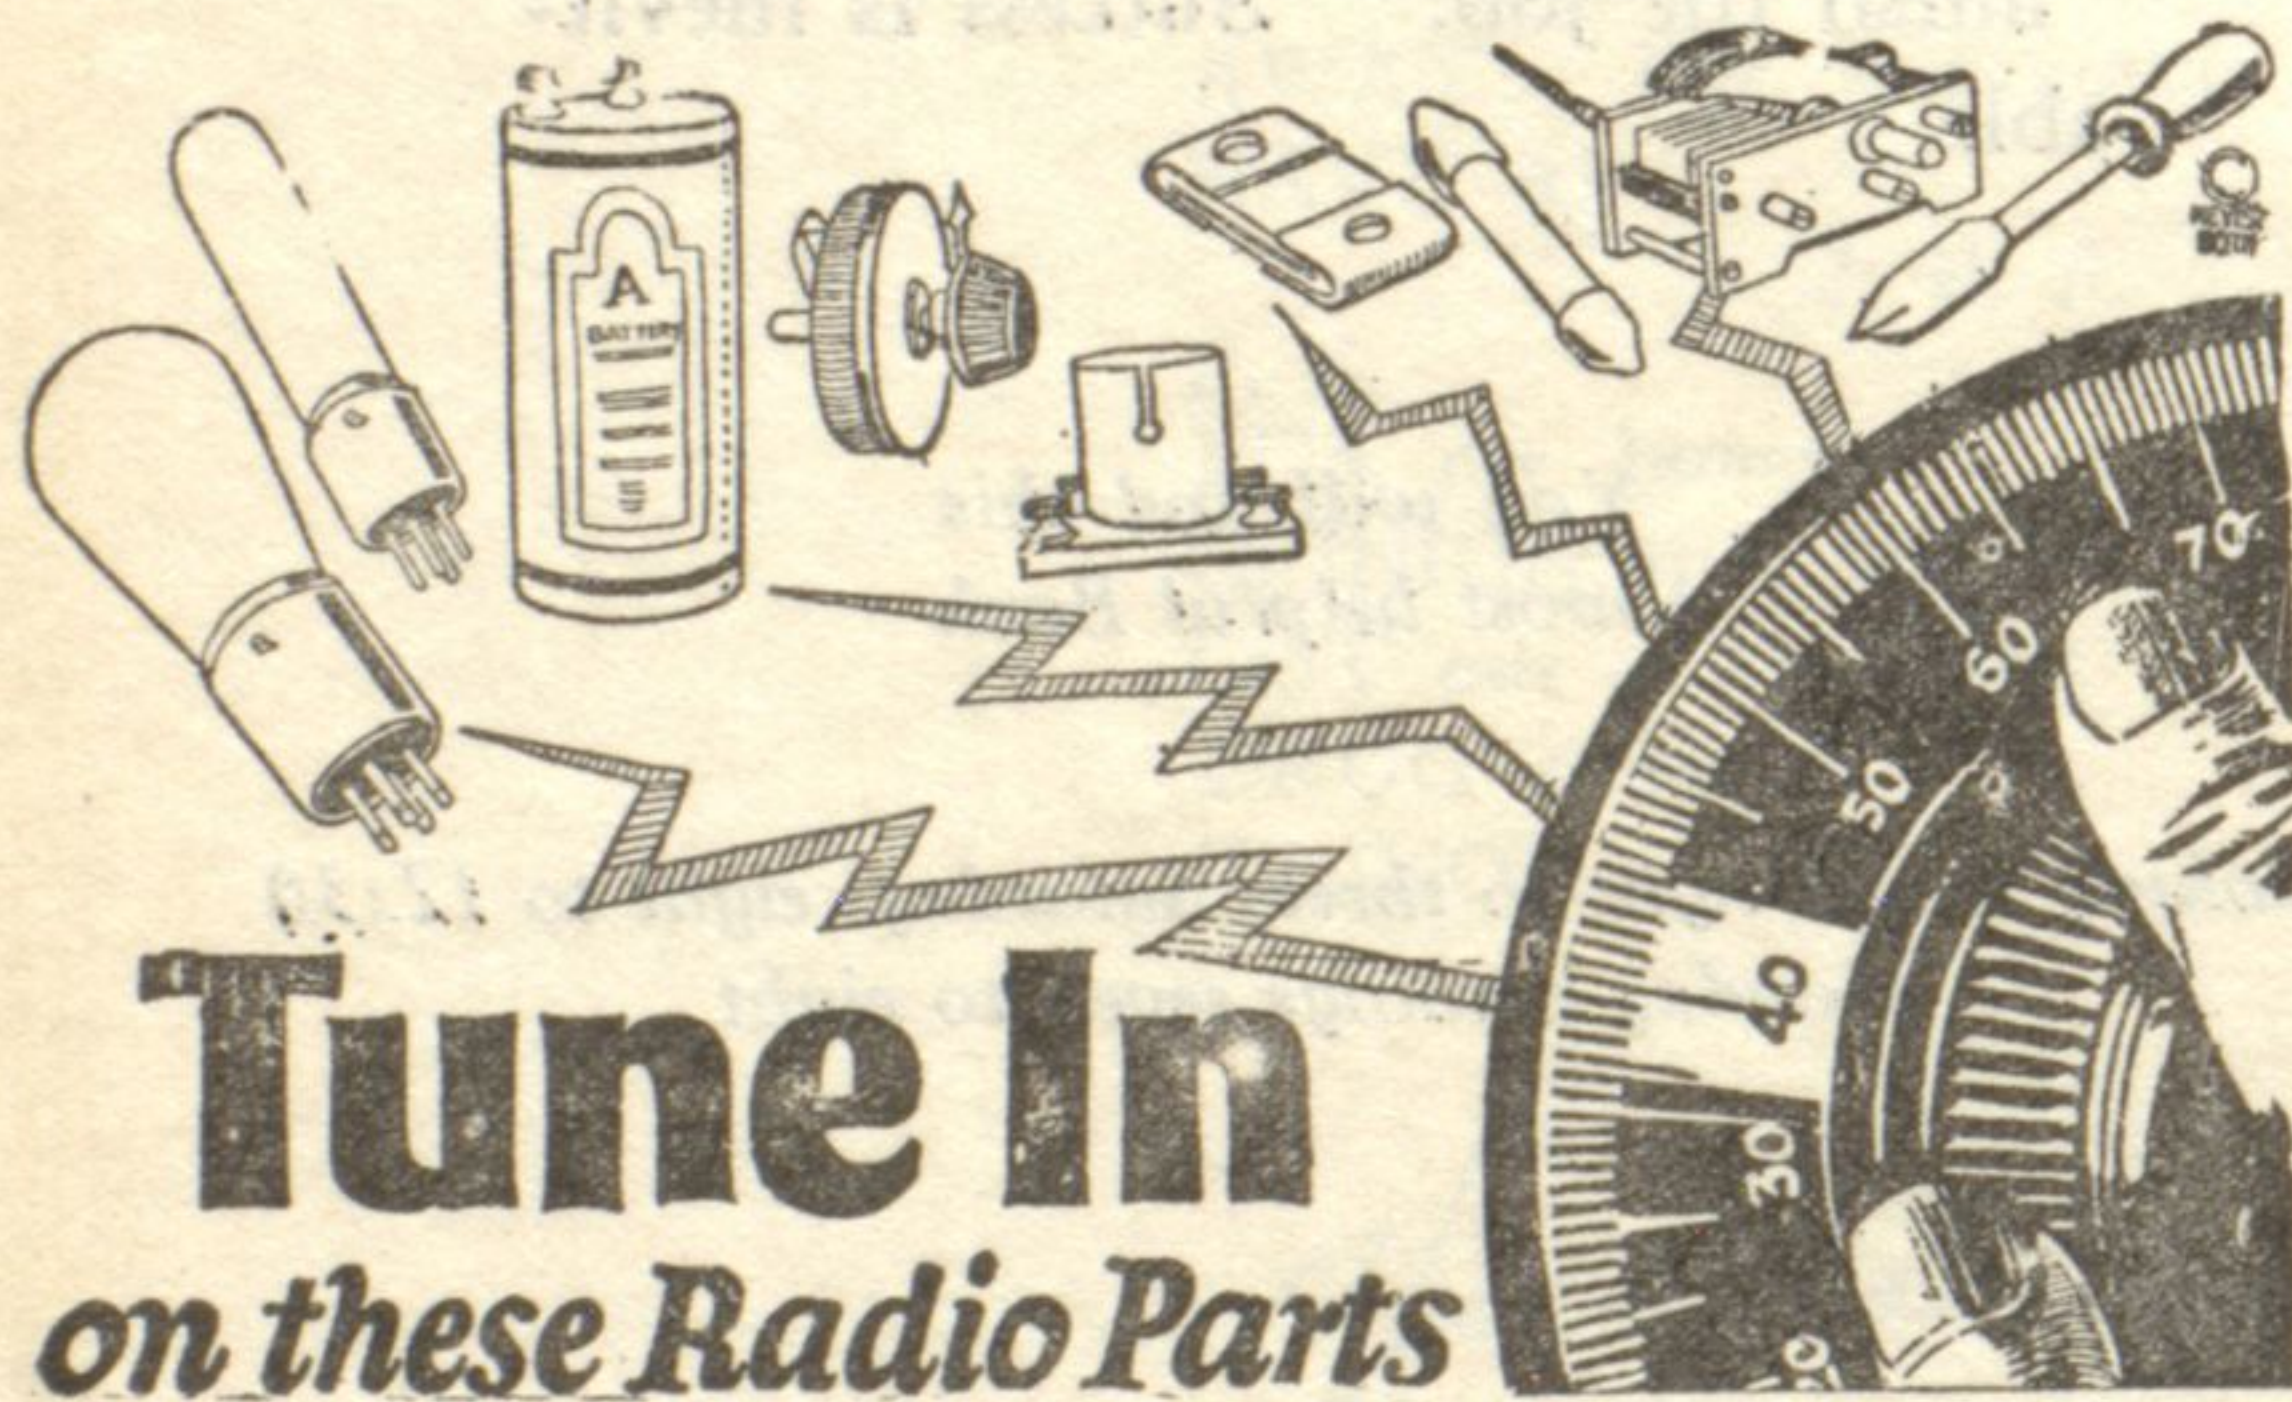

Both accounts were very interesting. On Friday, Mr. Brown, who is a grandfather of one of the students, talked of a trip through Egypt. The lecture was illustrated by slides and was most instructive and entertaining.

Next Tuesday an account of conditions in Mexico will be given by Mrs. Walter Fisher who spent the summer in Mexico with her husband, who was formerly Secretary of the Interior under President Taft. These assembly periods are open to the public and anyone desiring to do so is urged to attend.

Favor Paving Project in Manus Subdivision Area

An ordinance providing for pavement in the Manus subdivision, west of the railroad tracks and south of Winnetka avenue, has been authorized. A public hearing on the matter was held by the Board of Local Improvements, Tuesday evening. The sentiment is strongly in favor of the improvement by the property owners of the district, it is said, where building activities are already underway.

Phone Winnetka 999 and Lighten Your Shopping Burden

Radio season will soon be in full swing, and we have to replace defective parts of your set the many accessories that you may need. “A” “B” and “C” Batteries, Eveready and Ray-o-vac tubes, aeriels, insulators, etc. There's no need to go further than Taylors'.

MIRRO ALUMINUM ROASTERS

These roasters are larger, finer in quality, and cheaper in price than any roaster we know of and, they have many special features too. If your old roaster is not in A1 condition, you should not overlook the fact that we are now selling a large size \$6.50 Mirro Roaster for \$5.45 and still another \$6.00 Mirro Roaster for \$4.95.
