### Request Engineers to Study Widening of Highway North

At the meeting of the Village council Tuesday evening, at which there was not a quorum present, a number of matters were discussed but upon which no formal action was taken.

The council asked Village Engineer F. A. Windes to make a study of the matter of widening and repaving Center street from Elm street to Tower road, as a part of the through traffic highway. This project, it is said, will also probably include changes at Chestnut and Spruce streets, so that Chestnut will connect directly with Center street, and also possibly the widening and repaving of Chestnut street.

The work of laying concrete in Center street from Winnetka avenue to Oak street was finished this week, and sidewalks are now being relaid and adjusted. As soon as some macadam connections are put in, the road will be ready for traffic, which it is anticipated will be about December 11.

### Fete Insurance Officials After 25 Years' Service

A number of guests from the home office at Milwaukee were present, including M. J. Cleary, vice-president, Percy Evans, actuary, Dr. J. W. Fisher, medical director, Charles Parsons, superintendent of agencies, and G. L. Anderson, assistant secretary.

### Many on Waiting List for Music Club Tickets

Patrons of the Winnetka Music club Artist-Recitals who are to be unable to attend the recital to be given by Cecilia Hansen, violinist, Monday evening, December 6—the second of the season's offerings by the club—have been advised to leave their tickets with Mrs. Bessie Grant, at the Winnetka State bank, who will dispose of them to others who are at present without tickets.

As in the instance of the recent Shipa recital, when scores of people were turned away because of lack of tickets, there promises to be a waiting list for the Hansen recital.

Miss Hansen will be heard in the New Trier auditorium. She is regarded as the foremost woman violinist of the day, her brilliant artistry having astonished the critics since the day of her American debut in 1922.
