

Motor Club Offers Local Autoists Free Service on Licenses

Application blanks for 1927 automobile licenses have been received by the Motorists' Association of Illinois, 1736 Sherman avenue, and will be supplied, filled out and notaried without charge for motorists of this city.

It is requested by P. F. Lowder, district manager of the North Suburban branch of the association, that owners bring their 1926 license cards with them when they apply for the new licenses.

"We shall be very glad to make applications for any motorist who calls at our office," said Mr. Lowder. "There is no charge for this service, as we consider it a part of the club's community service to do this work.

"On passenger vehicles it is necessary for the applicant to give his name, street and city address, the make of car, color and style of body, kind of power, date of purchase, serial and motor numbers, with the bore of the cylinders and the amount of horse power, as well as the previous year's license number.

"The technical information concerning the stroke and bore of the motor and the horse power can be obtained at our office from reference books which the association keeps on hand. All other information must be given by the owner of the car.

"Every driver in Evanston and the other north shore communities is welcome to come here for this free service."

Miss Helen Aldrich, daughter of Mr. and Mrs. P. I. Aldrich of 394 Chestnut street, spent the week-end of November 13 and 14 with her parents. Miss Aldrich is a student at Ferry hall, and expects to return home for Thanksgiving.

Christian Science Churches

"Mortals and Immortals" was the subject of the Lesson-Sermon in all Churches of Christ, Scientists, Sunday, November 14.

The Golden Text was from Revelation 21:7, "He that overcometh shall inherit all things; and I will be his God, and he shall be my son."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him. But God hath revealed them unto us by his Spirit: for the Spirit searcheth all things, yea, the deep things of God. For what man knoweth the things of a man, save the spirit of man which is in him? even so the things of God knoweth no man, but the Spirit of God. Now we have received, not of the spirit of the world, but the spirit which is of God; that we might know the things that are freely given to us of God" (I Cor. 2:9-12).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The harmony and immortality of man are intact. We should look away from the opposite supposition that man is created materially, and turn our gaze to the spiritual record of creation, to that which should be engraved on the understanding and heart 'with the point of a diamond' and the pen of an angel" (p. 521).

Illinois is one of only four states in the Union having no gasoline tax.
