

Large Gathering of Parents, Teachers Hold First Meeting

Mothers, fathers, and teachers of the 150 north shore children enrolled in the Children's school of the National Kindergarten and Elementary college, held their first meeting in Harrison hall on Tuesday evening, November 16.

Miss Clara Belle Baker, director of the Children's school, introduced her sister, president Edna Dean Baker, who welcomed the parents of the college and spoke briefly of the necessity for co-operation and understanding between teachers and parents in order to provide "an education that will serve to build habits and attitudes useful to the child in all his living."

Miss Laura Hooper, head of the department of measurement of the college, explained the use made in the college of the results of mental and achievement tests given the children, and cited some of the amusing situations which have arisen in giving these tests to the children in the nursery school.

Dr. Mary Pope, examining physician for the Children's school, in making her report said, "We have quite a group of children physically remarkable. It is seldom that we find a defect that has not already been discovered by the parents and is under supervision."

Miss Clara Belle Baker in speaking on "The Educational Aims of the School" said, "Our aim in this school is not to develop skills, not to stress results too much in the beginning, but to develop first a desire and interest—an attitude of joy in their work on the part of the children."

Following the meeting the teachers acted as hostesses in their own rooms, and the parents had an opportunity of seeing something of the work the children are doing, and of discussing problems with the teachers.

GIVES MUSICAL PROGRAM

A musical program was presented at the regular Tuesday assembly of the Skokie school this week by Miss Esther Wood, prominent musician.

That Is More Than Skin Deep
Look for Basic Values in Hupmobile Six

The exterior grace, rich finish and roomy comfort of the Hupmobile Six are the surface indications of its greater value.

For Hupmobile Six is heir to those fine traditions which have made every Hupmobile built for 18 years, a better and a longer-lived car.

In building surpassing performance, economy and durability into its Six, Hupmobile goes straight to the source of such qualities.

Now, as for years past, Hupmobile pays 10 per cent more for the better materials, more thorough inspection and more exacting measurements that surround and safeguard the manufacture of the Hupmobile Six. Some of the results of this policy you will note in your first few minutes at the wheel—astonishing ease of control, greater smoothness, effortless acceleration and power.

But only after continuous enjoyment of these features over a period of years can you fully appreciate the faultless operation and low costs of Hupmobile Six.

There is no obligation attached to a trial of the new Hupmobile Six. Prove to yourself its basic superiorities in performance and economy, and in beauty and safety as well.
