Do You Know
Your Car
needs more careful
Greasing
at this time of the year
than at any other
season?

BECAUSE mud and grit cake up around the bearings and work into them, unless they are regularly greased. Our dependable methods of lubrication do not necessitate your presence while the car is being serviced.

And, under our "Call-for-and-Deliver" service, we will ride to your house in one of our cars, take yours to be greased, and bring it back within two hours of your phoning.
