At the meeting of the Village council next Tuesday evening, at 8 o'clock, there will be a public hearing on the question of vacating Essex road from Winnetka avenue north to a point south of Sunset road, a petition on the proposition having been received from the Board of Education of the New Trier Township High school.

The street which it is desired to have vacated lies between the present developed New Trier High school grounds and the undeveloped portion which lies east of the street. The Village council announces that it will be glad to have anyone interested in the matter attend the meeting next Tuesday evening.

Legion Probes Case of Alleged Confidence Man

Otis T. Mount, alias D. Joyce who was returned to Winnetka from Milwaukee, last week on the charge of working a confidence game, had his case continued last Monday for a week, while the service officers of the American Legion are looking into his case. Mount's home is in the East but he is desirous of getting into a climate which he hopes will be more beneficial for lung trouble from which he is suffering. He was gassed, while in the service, and has never recovered from the effects of the ailment. He was honorably discharged from the Army in which his record, it is said, was excellent, and in which he attained the rank of sergeant major. If the service officers of the American Legion here, find that there are no more serious charges against him than what have thus far been revealed, they will make an effort to have him placed in a hospital.

The American Legion maintains a service bureau in Winnetka for the aid of ex-service men, whenever such aid is warranted. Their's is not a white-wash affair, however, in which crime is condoned in the accused, merely because he is a member of the Legion. But, rather, it is the purpose of the bureau to thoroughly investigate each impositors will be prosecuted with a case from all angles, and to help, where help is warranted. On the other hand, vengeance, the Legion explains.

R. Floyd Clinch, B. A. Eckhart, and Carroll Dean Murphy were north shore members of the committee of the Union League club that held open house following the Army-Navy game. The reception was held in the lounge on the second floor and tea and light refreshments were served in the Palm room.
