

Has Your Car a Good Home?

COLDER WEATHER is on the way. If you expect your car to give uninterrupted service throughout the winter, it must be given adequate protection.

With a convenient private Cairo garage on your own lot, it is easy to put your car in out of the weather when you would otherwise neglect it. A Cairo Garage will pay for itself in decreased depreciation of your car.

Deans of Women Hold Session in Evanston

"Who Should and Who Should Not Go to College" is to be the important subject of an address by Dean Raymond A. Kent, head of the college of liberal arts of Northwestern university, at the seventh annual conference of the Illinois Association of Deans of Women, Saturday, December 4, at the Evanston Township High school. Other addresses will be made by Prof. Wilfred F. Beardsley, principal of the Evanston high school; Thomas A. Clark, University of Illinois; Mrs. Louise L. Kimball, National Kindergarten college, and other notables.

On Saturday at 11:30 o'clock will also be the reports of committees and election of officers. On account of the importance of pre-college work and of the increasing custom of endowed universities selecting students for their freshman class, this year's meeting of Illinois dean of women is expected to be of exceptional interest, according to Maria Leonard, the president.

Glee Club Promises Big January Entertainment

The North Shore Glee club, which has sprung into the public eye as a result of successful minstrel show, is planning to give another dance at the Winnetka Woman's club.

The club promises most unusual features for this party. Besides the orchestration, there will be feature entertainers.

Immediately after Christmas, members of the club will have tickets on sale for this January party.

Mr. and Mrs. Cleon Larsen of Peoria spent Thanksgiving and the following week-end at the home of Mrs. Larsen's parents, Mr. and Mrs. Carl Keith, 310 Warwick road, Kenilworth.

Christian Science Churches

"Ancient and modern necromancy, alias mesmerism and hypnotism, denounced" was the subject of the Lesson Sermon in all Churches of Christ, Scientist, Sunday, November 28.

The Golden Text was from I John 4:1, "Beloved, believe not every spirit, but try the spirits whether they are of God: because many false prophets are gone out into the world."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Then was brought unto him one possessed with a devil, blind, and dumb; and he healed him, insomuch that the blind and dumb both spake and saw. And all the people were amazed, and said, Is not this the son of David? But when the Pharisees heard it, they said, This fellow doth not cast out devils, but by Beelzebub the prince of the devils. And Jesus knew their thoughts and said unto them, . . . And if I by Beelzebub cast devils, by whom do your children cast them out? therefore they shall be your judges. But if I cast out devils by the Spirit of God, then the Kingdom of God is come unto you" (Matthew 12:22-24, 25, 27, 28).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Human will-power is not Science . . . Willing the sick to recover is not the metaphysical practice of Christian Science, but is sheer animal magnetism . . . Truth, and not corporal will, is the divine power which says to disease, 'Peace, be still'" (p. 144).
