

### Women Voters Meet

(From Headquarters, Winnetka League of Women Voters)

The question of women serving on juries has aroused considerable interest. The statute, prescribing the preparation of jury lists in countries having jury commissioners, says they shall include "all electors between the ages of 21 and 60."

Women want to serve on juries, thereby doing their share to give protection and insuring fair play to their fellow-citizens involved in difficulties requiring court consideration. The community needs the opinion of both men and women in administration of justice.

The exclusion of all individuals of a class from jury service because they belong to that class, has been declared by the United States Supreme court to injure and make less valuable the protection that a jury trial should afford to them when they appear as contestants in the courts.

Charles M. Thompson, Judge, Illinois Appellate Court, First District, Chicago, says, "as a matter of public policy, I think it would be a good thing to have women as well as men subject to jury service."

"I can see no reason whatever why they should not serve," states Frederick A. Brown, former president of the Illinois Bar association. "I not only believe it is right, but their duty as well—I would consider the service of women on jury cases and Grand Juries as a public benefit."

Mrs. Arthur M. Barrett, 530 Cherry street, has as her guest for the week-end. Miss Ella McDonald of Pasadena, who is returning to California after three years spent in Europe.

Friday evening, Mrs. Hubbard entertained at a family dinner in her son's honor, the guests attending a dance following the dinner.

## Drivers Are Minute Men

The Black & White Cab driver is a useful and mighty active citizen. He is out in all sorts of weather. He is at the beck and call of everybody. He knows Winnetka better than anybody else and covers it from end to end.

When he answers a call, he never knows what he is going to face or in what isolated district he may have to go. But he goes, just the same. Wherever you want to go, he goes.

When the mercury is at zero, or a blizzard is raging, he keeps on going! He can't drop into some snug retreat and get warm, like you can. He is working for a systematic transportation institution, not just a cab company.

He never calls the office and says he can't stand the weather. He isn't a quitter or a whiner.

He is a good deal of a Man. He is a public guide and a public protector. We know what kind of a soldier he is. We have seen him tested on countless occasions and we swear by him.
