

Peerless REPRODUCER

Get One for Christmas

Makes Any Radio Better!

WHETHER it's an olderradio that you have learned to love and dislike to part with, or a brand new 1927 model, this Peerless Reproducer will give you better loud speaker results. Built on a new principle, it gives amazing results on the low notes—the formerly "lost" frequencies.

Test it out—listen to the vibrant notes of the tubas, the drums, the low horns—then you will know what we mean when we say "It makes any radio better!" In a fine mahogany cabinet of classic gothic design, 12½ inches high. Price \$35.00. For Radio Owners who want something better than the ordinary.

Horace Mann Store Will Pay for Christmas Tree

The children at the Horace Mann school are to have a large decorated Christmas tree for the week before Christmas vacation. Miss Duker has started a store in her fourth grade room, to help defray the expense of so large a tree, and has put the children of her room in charge as an arithmetic lesson. Tissue paper, seals, string and other Christmas necessities are on sale at standard prices. The students are salesmen and bookkeepers. So when you buy your paper and string for Christmas packages, you are asked to buy them from the children in Miss Duker's room to help buy the Horace Mann Christmas tree.

EARLY PINK EDITION Brings all the news here late Sunday Afternoon.

Keep your eye on your watch! Concentrate on five o'clock Sunday afternoon. It may come to your city or town by airplane or by special train. No matter what the cost the early PINK edition of the Daily Chicago Herald and Examiner will be here about five o'clock Sunday afternoon—Monday's paper complete with all the news of the day and all the features that make the Herald and Examiner the best newspaper in the territory. Watch for the PINK edition late Sunday afternoon. Take it home for family reading after supper Sunday night. Adv.

New Trier Glee Club Entertains Rotarians

Thirty boys from New Trier High school, otherwise designated the New Trier Glee club, were guests of the Wilmette Rotary club Wednesday of this week. After a luncheon with the men in the ballroom of the Ouilmette Country club, the boys entertained, under the guidance of Mrs. Homer E. Cotton, supervisor of music at the high school. Miss Winnifred Mickey, of Wilmette, a member of the New Trier Music department faculty, was the accompanist.

Mrs. Cotton, an honorary member of the Wilmette Rotary club, under the classification of Rotary-Ann, spoke briefly on the development of music at New Trier.

ALLEN HOME SOON

D. E. Allen, a member of the firm of Eddington and Allen, real estate brokers on Linden avenue, Wilmette, is expected back from California about December 20. Mr. Allen will have been in California about six weeks where he has been visiting with relatives and friends. Word received from him from time to time has indicated that he has been having a splendid visit.

ELECTED COMMODORE

Harold H. Elliott of Glencoe Named to Head Sheridan Shore Yacht Club; Plan Season's Events

The Sheridan Shore Yacht club, which held weekly week-end races, bridge parties, and dances, last spring and summer, is preparing for another successful and active season, following the election of officers, which took place at the Orrington hotel, Monday evening, December 6. The club members held a dinner meeting in one of the private dining rooms at the hotel.

Harold H. Elliott of 670 Longwood avenue, Glencoe, was elected commodore for the next year, succeeding Dr. Charles E. Galloway, past-commodore. The vice-commodore will be Paul Date of Evanston; rear-commodore, Samuel G. Goss, Jr., of Glencoe; secretary, Arthur Medicott of Evanston; and the treasurer, Earl T. DeMoe of Evanston. The board of directors includes Dr. Charles E. Galloway, commodore for the past two years, and Coleman Crowell of Winnetka.

While no definite winter plans have been announced by the new officers, it is known that committee chairmen and members will be appointed shortly after the first of the year.

The tentative plans for next summer include the addition of many Star boats, making a total of about fifteen in the club. The Star boats are the largest "one-design" boats in the world, and are found in all parts of the globe, and in South America and Cuba. Now that several of the Chicago yachting clubs have added Star boat fleets to their number, there will be many inter-club races next summer, especially with the Chicago and Jackson Park clubs.

Aside from the sailing, the Friday dances will be continued by the club in the dance pavilion over-looking the lake, at the Wilmette Harbor. It was customary for the wives of the members to play bridge and visit in the pavilion during the Saturday races, and it is likely that this will continue during the coming season.

ON BUSINESS TRIP

John N. VanderVries of 968 Pine street has been spending a week in Colorado Springs, Col., attending the western meeting of the United States Chamber of Commerce. Mr. VanderVries is manager of the North Central division of the United State Chamber of Commerce. He expects to return the end of this week.
