Mission Hills Club Holds Tree Planting

Tree planting ceremonies at the new Mission Hills Country club were held Sunday afternoon, November 28, at 3 o'clock. Each member of the club who planted a tree will have his name inscribed on a brass plate attached to the tree. American elms were the trees selected to beautify the golf course, the area in which the trees were planted. Quite sizable trees were started, being three or four inches in diameter.

C. A. Nash, who is president of the club, officiated at the ceremony. The program was topped off with a big bonfire. Sandwiches and coffee were served.

The club, which was organized and opened last summer, is located in the region just west of Techny.

REPRESENTS STUTZ HERE

F. D. Cerf, president of the Stutz Chicago Factory Branch, announces the opening of a branch and service station in Evanston and has selected A. A. Crumley as his representative on the north shore. The branch is located at 1727-29 East Railroad avenue. Mr. Crumley was for many years associated with the Packard company and for the two years preceding his association with the Stutz factory was with the Pierce-Arrow.

Mr. and Mrs. D. F. Stilling of 159 Bertlin lane entertained sixteen guests at dinner preceding the suburban Neighborly dance to be held at the Winnetka Woman's club, Saturday night, December 4.

Miss Frances Kern has just returned from Grand Rapids, Mich., where she spoke last Monday before the Early Elementary Teachers' club on the topic "The Objectives of Early Childhood Education."

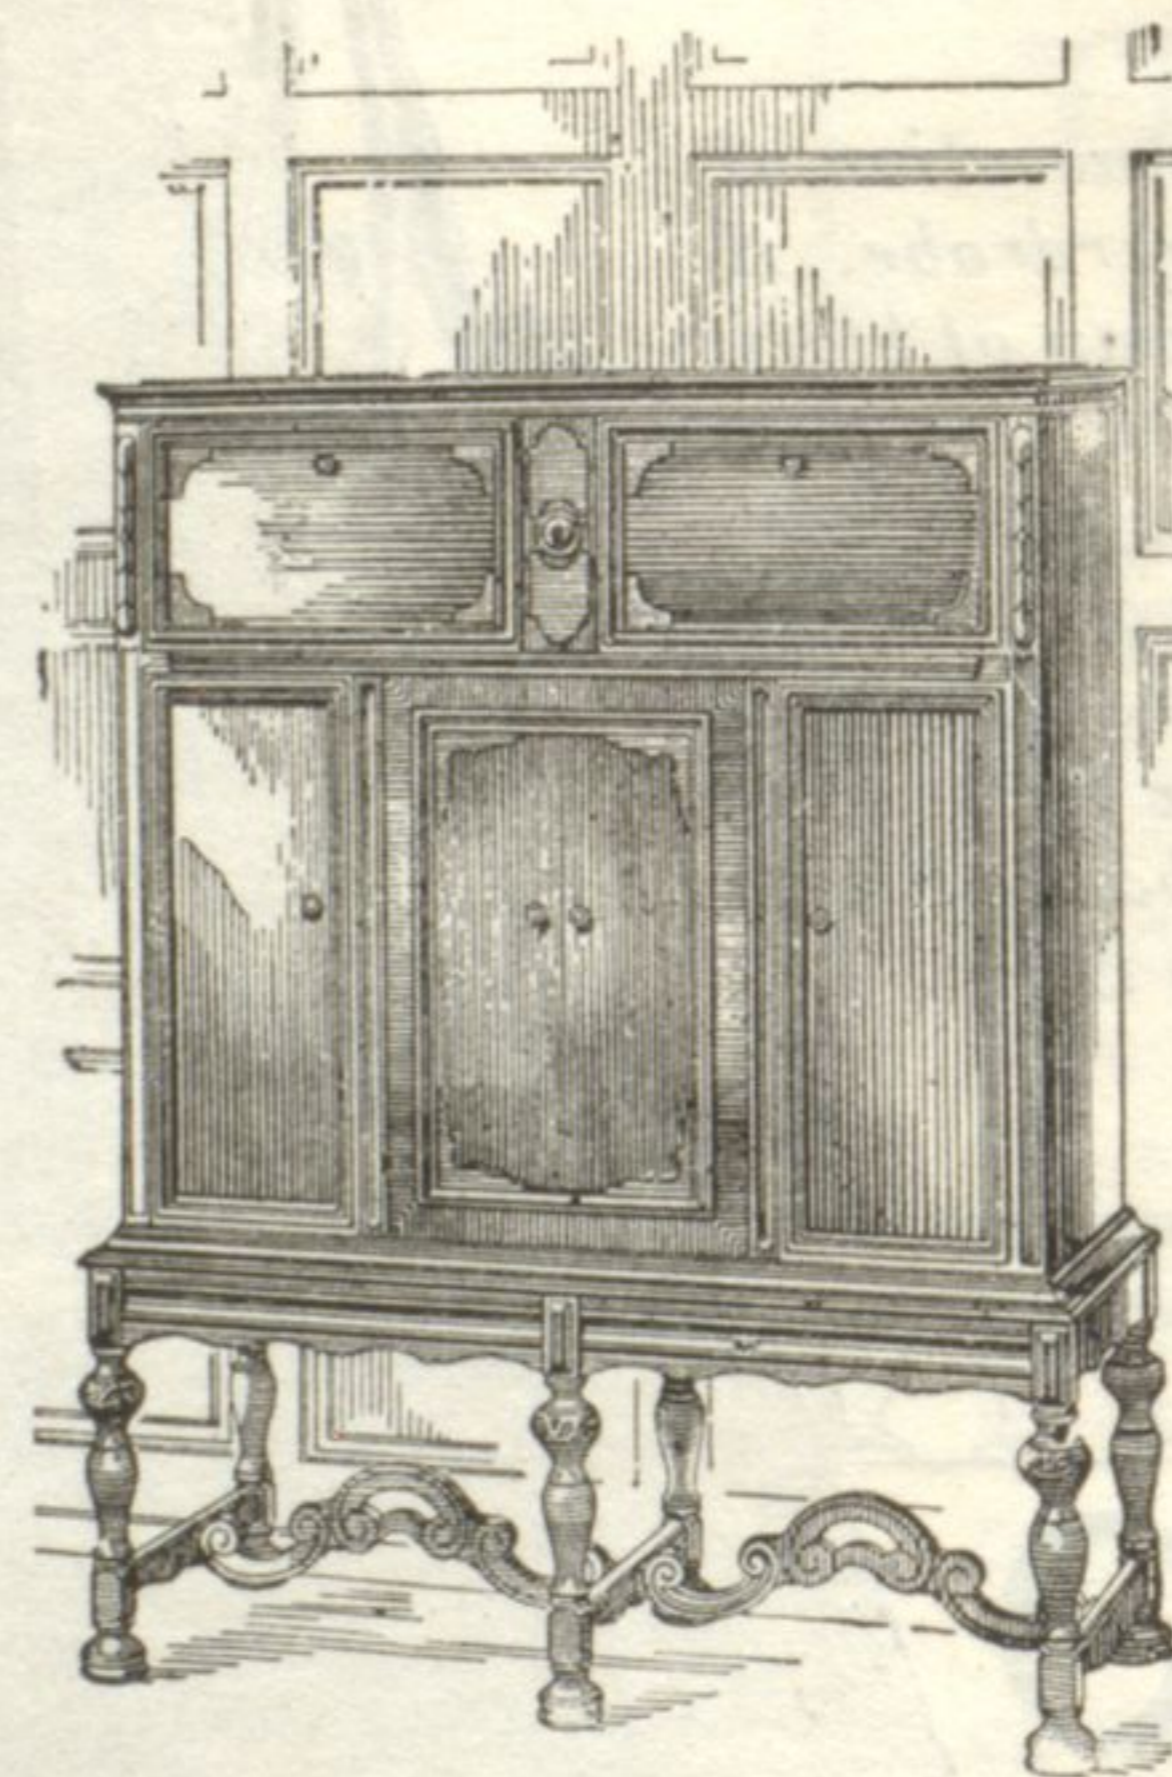

New Trier Sports' Department Adopts Managerial System

The manager system, which was employed this fall for football, will be carried out this winter in basketball and swimming schedules at New Trier High school. No swimming manager has been appointed as yet, but Curtis Tatham has been chosen basketball manager with Harold Keith, Lester Solomon, Leonard Kraft, Lester Comee and one other boy, yet to be chosen, as his assistants. The head manager will have a particular day each week to be on the job.

The chief duty of these boys is to check on all equipment. This consists of keeping account of all the balls, sashes, shirts, time watches, whistles and other school equipment which is used. The assistant managers must tend to the lights and ventilation, see that the balls are properly inflated, keep the floor clear of clothing, and keep the visitors out if the practice is a secret one. The manager also keeps a list of the teams for each night's practice and any notes which the coaches make.

On the nights or afternoons of the games the managers must have everything in tip top shape. Practice balls, towels, and medical supplies must be at hand. The cashier's and timekeeper's desks must be put in place and score sheets, stop watches and other timer's and scorer's supplies must be procured and ready for use. One of the assistant managers must manipulate the score board, and if any need for traffic supervision arises they will be in charge.

Mrs. Henry Taylor, Jr., 431 Essex road, Kenilworth spent last week-end in Milwaukee.
