

## CARLETON WASHBURNE TO LECTURE ABROAD

Winnetka School Superintendent  
Invited to World Education  
Meeting at Locarno

Carleton W. Washburne, superintendent of the Winnetka public schools, has just accepted an invitation to give a series of lectures at the world conference on "New Education," in Locarno, Switzerland, which will be held next summer from August 3 to August 15. His general lecture subject will be on progressive movements in American education, in addition to which he will conduct a course on Winnetka methods of education.

The conference in Locarno is the Fourth International conference of the New Education Fellowship. Outstanding educators from all over the world will be present and will address the conference on various subjects connected with the educational movement. Among the lecturers who will be present and speak are Dr. Alfred Adler, famous psychologist of Vienna; M. Pierre Bovet, director of the Jean Jacques Rousseau Institute of Geneva; Dr. Ovide Decroly, an internationally known authority on psychology and education; Mrs. Beatrice Ensor, editor of the New Era, known to Winnetka people through her lecture at the Skokie school last spring; Prof. Guiseppe Lombardo-Radice, Italian editor, author, and educator; and Dr. Elizabeth Rotten, editor of a leading German educational periodical.

### Winnetka Widely Known

The work of the Winnetka Public schools has become very widely known in European educational circles during the past two or three years, numerous

articles on it having appeared in leading educational journals of England, Holland, Sweden, Czecho-Slovakia, Russia, France, Germany, Switzerland, and Italy. Certainly the work being carried on in the local schools is extensive in scope decidedly original, and pronounced advancement over courses presented in the average public schools. That the work of Mr. Washburne and the faculties of the various schools is being recognized as an important step in educational procedure by internationally known educators is especially pleasing to their many friends in this and near by communities.

Mr. Washburne will be accompanied on the European lecture trip by Mrs. Washburne, and Miss Marian Carswell, principal of the Hubbard Woods school will also attend the conference at Locarno.

### XMAS WORK FOR CLUB

The regular monthly meeting of the Chicago and Northwestern Railway Woman's club, will be held in the club rooms Wednesday, December 15, at 2 o'clock. Of interest to north shore members, is the announcement that there will be special Christmas work to do.

FIRST  
OF  
ALL!

People, especially children, must have, first of all, plenty of the right kind of food. And of all food, none is so important as pure fresh milk. You need it at every meal.
