British American Club Plans Children's Party

The North Shore British American club has announced the date of its annual children's party for Thursday, December 23, in the Assembly room of the Community House, from 7:30 until 10 o'clock.

Under the direction of the club's committee which is in charge of the social gatherings, there will be a Christmas tree, loaded with presents, Santa Claus will be on hand to distribute gifts to the fifty or more youngsters, games will be played, and refreshments served.

Following the children's party, at 10 o'clock there will be dancing for the members of the club.

Although the date has not been set definitely, the annual Bobbie Burns dinner given by the club will be held at Community House some time the first part of January. This dinner is truly Scotch, from the menu to the entertainment.

Rev. and Mrs. E. Ashley Gerhard of 482 Linden avenue, Winnetka, are being congratulated upon the birth of a daughter, Patricia, Monday, December 6, at the Evanston hospital.

ENCOURAGE INTEREST IN CAMP FIRE GIRLS

Winnetka Leaders in Girls' Movement Invites Parents to Assume Interest in Work

BY GUARDIAN

The parents of Winnetka girls are offered a great help by Camp Fire activities. A better understanding of Camp Fire benefits and methods should result in its hearty endorsement by every father and mother, and especially by those who are rearing young girls.

Camp Fire has for its objects the helping of young girls in three general ways:

1. Character-building by suggestion and advice.
2. Practical education for better womanhood.
3. Assistance to overcome defects in character or habits.

These objects are obtained by a combination of work and play, so ingenious and yet so practical that it is endorsed throughout the country by the highest authorities on civics, education and religion. The system is based on a study of girlish nature—her craving for activity, her liking for pageantry, symbolism and mystery. It is made so interesting that Camp Fire Girls go through to the end if a reasonable amount of guidance is given.

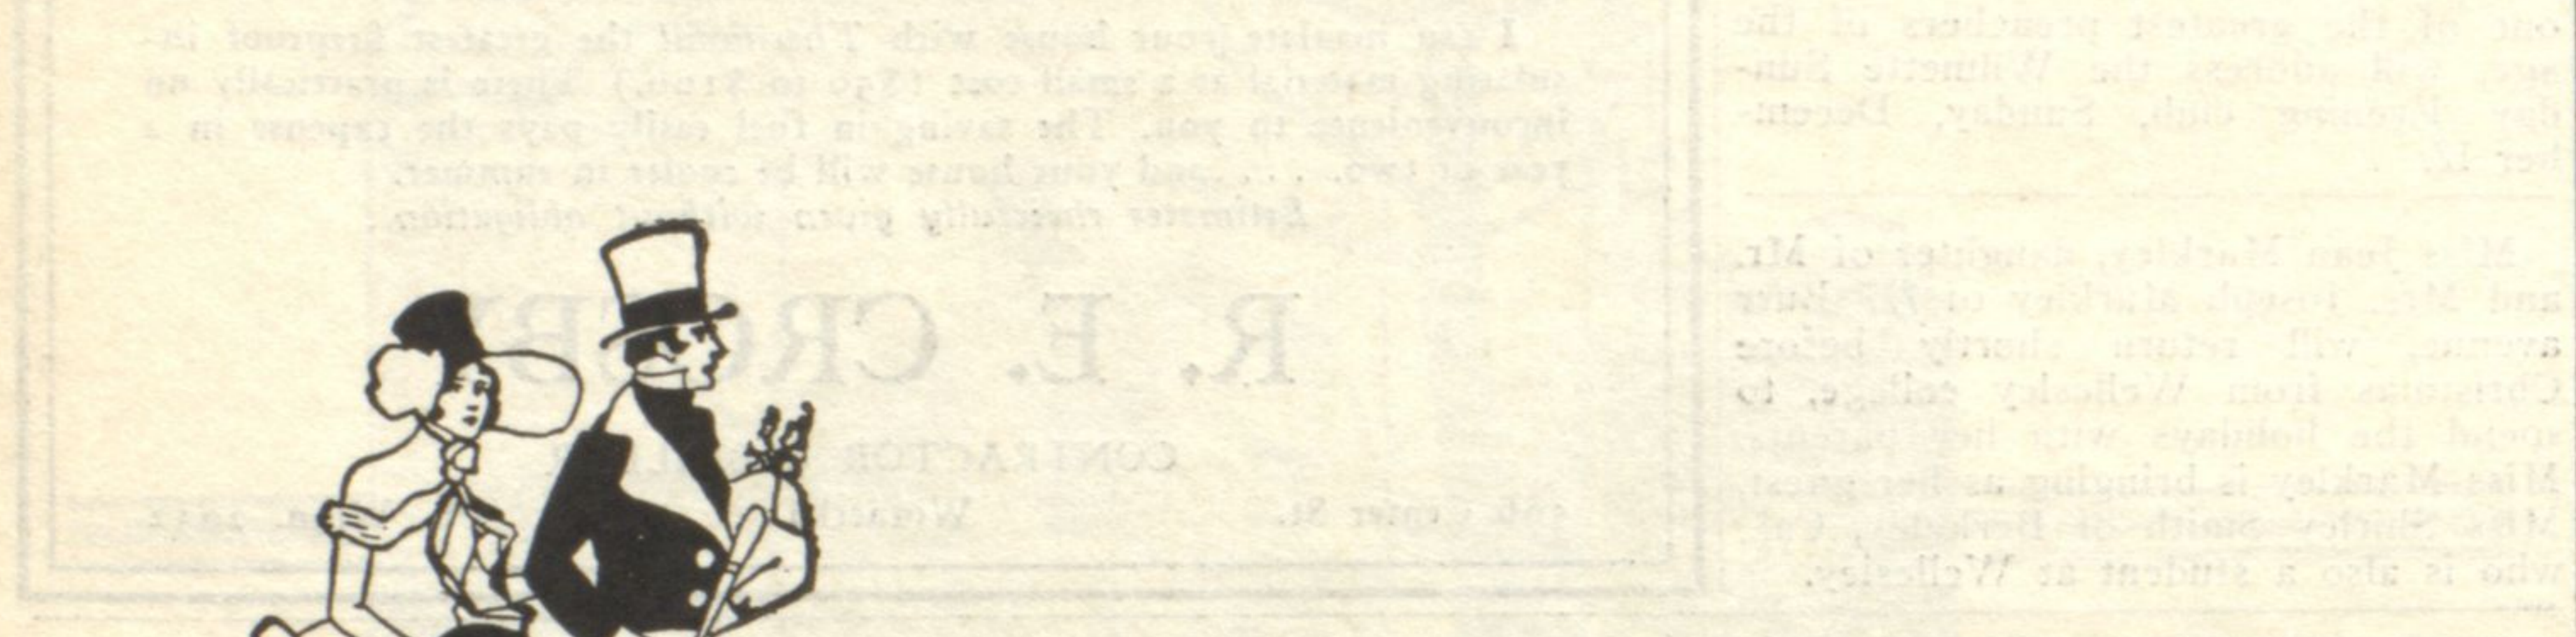

Strength of character in girls was never more important than in times like these. Parents realize, the responsibility but can only help their children from one side—the side of the home. The influences from other sides often over-balance the home influence, and may tend to the worse or to the better.

Someone has said that a man's life is controlled by emotionalized intellect; but that a woman's life is controlled by intellectualized emotion. Camp Fire appeals to a girl's better emotions.

Community House is the headquarters of the Camp Fire Girls of Winnetka. There are a number of "groups," of about a dozen girls each, going forward under the guidance of a guardian. With a better understanding by parents of the benefits of Camp Fire, many more girls should join. The cost is \$1 per year.

More Camp Fire guardians are also needed in Winnetka. There could not be a greater service rendered to coming womanhood or a greater satisfaction in results. Guardians are not necessarily former Camp Fire Girls. Ability to lead and to advise girls eleven to fifteen years of age is the most important requirement. Love of out-of-door life and nature is a help as the Guardian joins with the girls in their play as well as their work. Some of the most remarkably good results with Winnetka girls are on record. What could be a greater or more worthy thing than to assist in guiding a young girl into perfect womanhood!

HELPS WITH XMAS PARTIES

The Woman's society of the Winnetka Congregational church is assisting with two of the many Christmas parties being given at the Onward Mission in Chicago. Under the direction of Mrs. Stanley Simpson of 796 Center street, volunteers from the society will help with the Mothers' party and the Kindergarten party. Other organizations are also taking part in the Onward Mission Christmas parties.
