Triangle Club Announces Dance for Early in Year

The Triangle club, one of the oldest and best known groups of young people in Winnetka, is sponsoring a dance to be given at Community House, Saturday evening, December 18, in the gymnasium.

Edward Benz who had charge of securing the music for the occasion announces that Hal Reeder's "Iowans," will furnish the "jazz" and hopes that everyone will welcome the opportunity of dancing to the snappy music played by this group of boys.

Steve Haines is in charge of posters announcing the dance, and also of the tickets. He is busy advertising the affair to everyone in Winnetka, and is anxious that a large crowd assemble.

William Whalen, Victor Voltz and Joseph Lucchesi will comprise the floor committee, and any information regarding tickets may be had from them.

C. Leipold, president of the club is in general charge of the dance, and wishes to announce that this is but the first of several dances the club is going to sponsor. Their next party will take place either January 15 or 22.

WINNETKA BUILDING NEWS

Vol. I Winnetka, Ill. 39

Did you do it early this year?

Mr. Paul Reschke, local cement contractor, has under construction two attractive English homes on Cherry St. west of Rosewood. These homes will be of pressed brick and thoroughly insulated.

How about a nice coal shovel for the Missus this Christmas?

We admit that we are enthusiastic about our coal. But we hear so many comments from satisfied users, and we fill so many repeat orders that we can't help being enthused.

Radio joke: "Stand by a moment. The professor has dropped the filling out of his tooth."

All things considered, the work on the new theatre building in Wilmette and the North Shore Country Day School auditorium, being built by H. F. Friestdt Co. and McKeown Bros. respectively, is progressing rapidly. We are furnishing the lumber for both buildings.

Up in Siberia it sometimes registers 70 degrees below zero. Just think of that while you're shoveling coal.

If you are thinking of insulating. We recommend **Sheet-Rock**, the fire-proof wall board. This board resists heat, cold and sound and will take any decoration... paper, paints or panels.

ANOTHER LAST LINER

(A Christmas gift to the one who gives us the best last line to this limerick. Answers must be in by Dec. 23.)

Who stops at our store every day.
She chuckles with glee
When her eyes chance to see
