

### Stock Company to Resume Activity at New Evanston

Clyde E. Elliott, managing director of the New Evanston theatre, announces that the returns of the coupons asking suggestions for the policy of the New Evanston theatre when the Varsity theatre is opened to the public, shows that 90 per cent of the returned coupons ask for a Dramatic Stock company under the direction of Harry Minturn.

As the public has made its decision in favor of a dramatic stock, Mr. Elliott has engaged Harry Minturn to direct a company of selected stars to open at the New Evanston theatre on the evening of December 27, with a complete change of production each and every week, giving a matinee, on Tuesday, Thursday and Saturday at 2:30 p. m., and every evening at 8:30 p. m.

Mr. Minturn has just returned from New York after selecting his cast for the New Evanston theatre, as he knows from past experience just what the north shore public demands.

The New Evanston theatre will be closed from December 19, to December 26, to allow workmen to get everything in readiness for the opening on the evening of December 27. Mr. Minturn wishes to state that it is a great pleasure for him to return to Evanston as he has many dear friends there and looks forward to a very enjoyable season.

Miss Marion Schell of 933 Linden street has been attending Wittenberg college in Springfield, Ohio, this past year. Miss Schell is spending the holidays with her parents, having returned Friday, December 17.

### Deans Enjoy Day at N. T.; Pay School Compliments

On Friday, December 3, the Illinois Association of Deans of Women held one of its meetings at New Trier High school. About sixty members attended, some of whom were college deans. The deans hold their meetings at the different high schools in Illinois to see what is being done in various districts.

After luncheon they were entertained by speeches given by Superintendent F. E. Clerk and Miss Elizabeth Packer on the subject of personnel work among the students. They then went to the adviser rooms where they saw the students in session and were told about the various projects. When this was finished there were more speeches, given by Mr. Brown and Mrs. Simmonson on the value of research work in relation to personnel work, and health records among the high school students.

The meeting was a great success and the deans carried away a fine impression of New Trier.
