\$1,100

Christmas Music on Brunswick Records Is Christmas Music Indeed

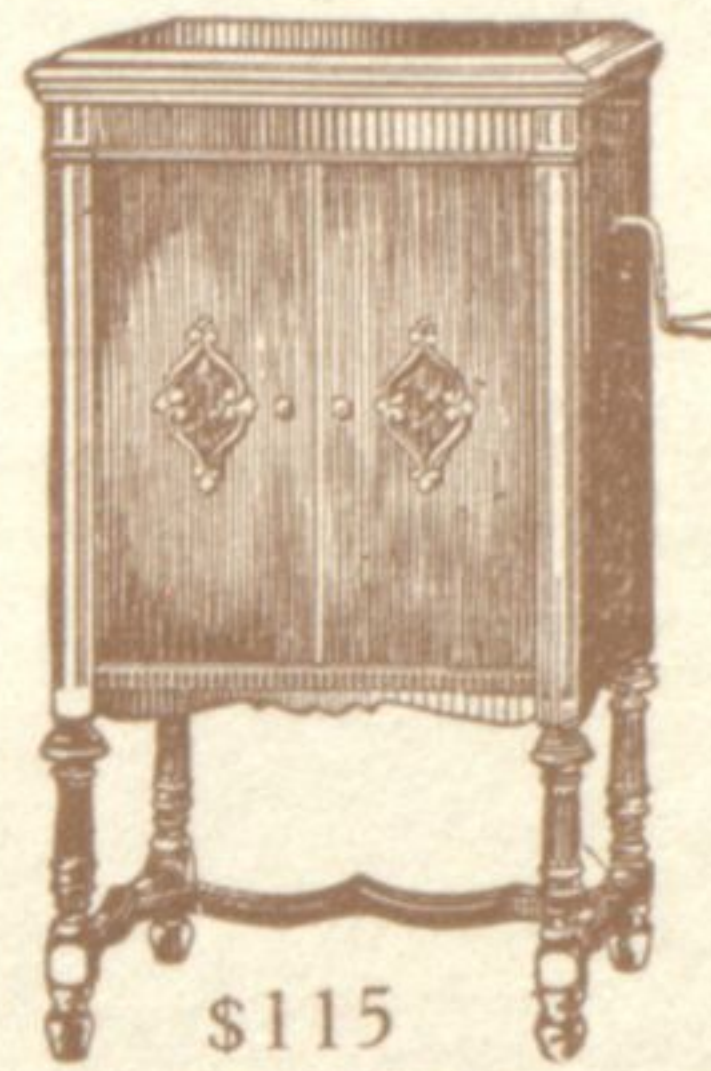

Radiola 28

No outside wires. No batteries that show. Everything is concealed as shown above.

Time Payments Can Be Arranged

\$115

The Seville

In Mahogany or Walnut. Equipped with complete set of record albums.

With electric motor—\$35 extra.

THE most natural expression of Christmas joy is in its music—the heart-warming carols, the stirring roundelays, the impressive sacred numbers that are so indicative of “peace on earth, good will toward men.”

Brunswick Records assure the most natural reproduction of Christmas music. They are “Light-Ray” electrically recorded, which means a faithful, exact reproduction of the natural one that actually improves the clarity of the original.

And the models of the Brunswick Panatrop and the New Musical Instrument on display at this shop offer you the selection of a marvelous Christmas Gift—one that will be enjoyed, appreciated, and remembered long after this Christmas is forgotten.
