

Unique Service Is Planned for Morn of New Year's Day

A New Year morning service of worship, a service planned for the young people of Winnetka, is announced by Dr. J. W. F. Davies of the Winnetka Congregational church.

It will be at 7 o'clock New Year's morning, an opportunity to start the New Year with a great coming together of the children and the young people of the community, in the house of worship.

The church will be lighted with candles and the ritual, which Dr. Davies is preparing, will enable all to participate in the service. It will afford an opportunity at the dawn of the New Year for thought and reflection to make the most of the year just ahead.

It is a service which has not heretofore been held in this church, but is one in which Dr. Davies foresees wonderful blessings and benefits, and he is desirous that all the young people of the community attend.

Those who have outings planned for the day, or work to do that morning, are asked to dress for that occasion and come right on to church. This service, Dr. Davies wishes to impress, is not to be a "dress affair." The service will extend over a period of about forty-five minutes, insuring return home in time for breakfast, if one thinks it is too early to get up and prepare breakfast before coming to church.

Don't let the fact that you have been out attending New Year's parties keep you away, Dr. Davies suggests. Come right from your New Year's Eve festivities to the church, (provided you have remained out that late.)

But be sure to be there, is Dr. Davies' urgent appeal.
