

### Urge Villagers to Hear Worker Among Juveniles

The Court Visiting committee of the Winnetka Woman's club has been interested in reading Dr. Miriam Van Waters' book on "Youth in Conflict," and are anxious to announce to Winnetka people, the coming opportunity of hearing Dr. Van Waters speak, Monday, January 17, at 6:30 o'clock, at the annual meeting of the Juvenile Protective association. The meeting will take place at the Union League club, 69 West Jackson boulevard, Chicago.

"Dr. Van Waters is referee of the Juvenile court of Los Angeles, Cal. Her work in her Court and her grasp of social problems have become widely known during the last few years through her talks on different programs throughout the country; her articles which have appeared in the New Republic, the Survey and other magazines, and her book, 'Youth in Conflict,'" writes Miss Jessie F. Binford, director of the Juvenile Protective association of Chicago.

Miss Julia Lathrop says of Dr. Van Waters' book, "Never in my knowledge has delinquency in the Juvenile court and its treatment been discussed with a more scientific approach, a nicer human understanding, a more uncompromising sense of reality."

Many Winnetka people are interested in the work of the Los Angeles Juvenile court, and especially members of the Winnetka Woman's club, for the club has been very active in its interest in such affairs.

Illinois now has a total of 5,966 miles of hard roads, according to a recent estimate of the State Highway department.

### Minturn Player

Henrietta Tedrow, is the character woman of the Harry Minturn Players, now appearing at the New Evanston theater in a change of bill weekly. In the current offering "The Cat and The Canary," she is playing the colored "Mammy." Miss Tedrow was three years with "Lightnin'" in the part of the "widow" and was in the second run of the play at the Blackstone theater.

## WINNETKA BUILDING NEWS

Vol. 1 Winnetka, Ill. 41

Now that our New Year resolutions are all broken, we can settle down to business again.

Mr. E. R. Cole is building another one of his Cinder Block homes on Jackson avenue West of Vernon avenue, Glencoe, for Mr. Butler.

Try this on your friends—Slip to the telephone, call 'em up and say, "Hello, is this one-nine-two-seven?" And when they say no, tell them to look at their calendar.

Poor coal fills your furnace with soot, cinders, and ashes. You get more coal for your money, buying that kind, but you certainly don't get more heat. We handle the best—take it from us.

The Wm. Salmon Co. have under construction a \$40,000 home for Mr. J. P. O'Neill at Northfield, across from the Sunset Ridge Country Club. This home will be of cut stone and pressed brick and modern in every respect.

Mr. R. E. Crosby is again building. This time at 708 Park ave., Highland Park. Mr. Crosby is a firm believer in U. S. Gypsum products and uses Thermo Fill and Gyplap throughout his homes.

As a rule, men are not observing. Nine years ago a lady in Winnetka sold the family piano, and the man of the house didn't miss it until last week.

Mr. Lofus Laurtsen, the well known cement contractor has been extremely busy lately, having put in seven basements in the last month. Mr. Laurtsen claims his reputation was made by using Alpha Cement.

OUR OWN WEATHER (Your own prediction) (Help wanted in our weather department)

After we Winnetka merchants figure up our inventories we'll know whether to laugh or cry.

A lady of our acquaintance says that silk-clad ankles on a cold morning feel exactly like you were wading in ice water.
