"Abie's Irish Rose" in Successful Return Run

At the LaSalle theater, Chicago, "Abie's Irish Rose," Anne Nichol's play of fortunate progress, enters into its fourth week of the return engagement. There were some rather doubtful of 'Abie' repeating its success in Chicago after the former record breaking run of 58 weeks. The business to date at the LaSalle seems to indicate that this play that never seems to lose the interest of the public, will continue to grind out a handsome profit for the author and producer, as long as they care to keep it in Chicago.

It matters not to 'Abie' how often it repeats or for how long a time it stays, when other theatrical offerings fall by the wayside, this comedy goes merrily along. One will never see a worried look upon the faces of those in any way connected with this piece. There is no speculating as to what business will be done or how long they will stay, and, when the season will come to an end. This play of Anne Nichols seems to be regulated in its presentation just as precisely as the operating of a railroad.

Dr. and Mrs. Dwight C. Orcutt of 185 Green Bay road, Glencoe, and their children are taking an extended tour of California. They are including Oakland, Pasadena and San Diego in their trip, and expect to return to Glencoe about January 15.

Mr. and Mrs. Eugene Feuchtinger of 947 Oak street are leaving for Florida next week, to be gone until the end of April. They will be at West Palm Beach and at Belle Glade in the Everglades.

Mrs. William Steel of England is visiting her sister, Mrs. Roland D. Whitman of 640 Hill road.

Noted Authority on Education to Address Teachers

Miss Lucy Gage, head of the department of Early Elementary Education of George Peabody Teachers college, Nashville, Tenn., and chairman of the National Council of Primary Education, has been secured as the speaker for the January meeting of the Central Council of Childhood Education.

Miss Gage is recognized as a national authority on the subject of elementary education, and her topic, "The Value of Creative Work in the Growth of the Child" will be of interest to all educators in this field. Miss Gage secured some very interesting material in connection with her work through a survey of the schools of North Carolina which she recently completed.

The meeting will be held in the Central Eleanor Club rooms, 17 N. State street, Chicago, Saturday morning, January 8, at 10:30 o'clock. Kindergarten, primary and elementary teachers and supervisors who are not members of the council may avail themselves of the opportunity of hearing Miss Gage through the payment of a small admission fee, it is explained.

Mr. and Mrs. Seymour Mason and their baby daughter, who have been making their home with Mr. Mason's parents, Mr. and Mrs. F. C. Mason of 188 Myrtle street, have left Winnetka to spend the winter in Los Angeles, Cal.

Mr. and Mrs. Harry M. Mess of 982 Pine street, and their daughter, Mary Jane, have returned from a holiday trip to Benton Harbor, Mich., where they spent Christmas and the following week with Mrs. Mess' mother, Mrs. Joseph Richards.
