

# WINNETKA TALK

Building for Womanhood!

With the aim in view of bringing every eligible girl in Winnetka into the ranks of the Camp Fire Girls' movement, leaders in that enterprise in the village have been contributing a series of articles in WINNETKA TALK for several weeks setting forth the objects and values of Camp Fire. Headquarters of Camp Fire in Winnetka are at Community House where the girls have their own room, a feature of which is the fireplace pictured above. Parents of girls not in Camp Fire are invited to communicate with Community House to learn more of this unparalleled activity for younger girls.
