

A State Bank

Build Up Your Investments

THE INVESTMENT PLAN which you now have and which you are now following will greatly affect the ultimate success of your saving. There is not only the question of safety in your securities but the question of their suitability in your situation.

If you have no investment plan, we'll gladly help you make one. If you have one we'll just as gladly go over it with you and if, from our experience, we can help you improve it, we'll be happy. Our bond department not only sells good bonds but also renders an *investment service*. Use it.

Banking Hours: 8 to 3; Saturdays 8 to 12:30
Monday Evenings 7 to 8

WINNETKA TRUST *and* SAVINGS BANK

Elm Street  at Center

WANT NEW STREET NAME

A number of property owners on Fig street, feel that the name of Westmoor road would be more desirable as a name for their street, and have petitioned the Village council to make the change. The first steps in the proceeding were taken at the meeting of the council Tuesday evening when an ordinance to that effect was introduced.

A CORRECTION

In the advertisement of the Hubbard Woods Trust & Savings bank appearing in WINNETKA TALK last week, it was stated that the bank is open Sunday from 7:30 a. m. to 12 m. That is of course, incorrect. It should have read Saturday. The bank also is open Saturday evening from 7 p. m. to 8 p. m.

Mrs. Robert H. Ripley of 29 Indian Hill road and her son, Hampton, left Thursday for Miami, Fla., to spend the winter. Hampton will enter the Adirondack school.

Mrs. E. Arthur Robertson of 510 Jackson avenue, Glencoe returned recently from a five weeks' visit with her mother, Mrs. S. R. Jackes of St. Louis.

ASK CITIZENS TO VOTE ON NEW SCHOOL SITE

(Continued from page 1)

Grove street for two short blocks, and south from Prairie avenue toward Tower road one-half block.

Would Elevate Land

"While this site at the present time is low like all Skokie land, the Village office has agreed to use it as a dump for ashes during the next three or four years. By scraping up the surface black dirt before the ashes are dumped and then covering the ashes with black dirt, the entire piece of property can be raised about four feet above the surrounding level before it will be necessary to erect a school building. A similar process has been going on for the past year at the west end of the Skokie School property.

"The Board of Education has an option on this piece of land for \$20,000, in addition to which there is an agent's fee of \$600 included in the purchase price. The board secured expert advice as to land values in this region and was assured that a lower price could not be had through condemnation.

"The board's building program for the Northwest then includes the completion of the Hubbard Woods school this year and the erecting of a school on the Northwest site about four or five years from now.

"The question is often asked as to whether this will increase taxes. The Board of Education cannot legally increase the tax rate beyond its present point. The payment for this land and ultimately for the Northwest school building will therefore have to come out of the board's present bonding and taxing powers. It cannot in any way increase the present tax rate.

"The piece of land in question is at present owned by Lester F. Clow, Alfred Livingston, and Louis M. Severson."

Mrs. Ralph S. Groman, 213 Sixth street, Wilmette, entertained her Kenilworth card club on Thursday.
