
Nash Leads the World in Motor Car Value

Announcing
—Suburban Nash Sales—

It is a genuine privilege and pleasure to announce that Suburban Nash Sales has assumed Nash representation on the North Shore.

We feel that the Nash owners in this territory are fortunate in having the Nash franchise entrusted to a firm of such unusual ability and excellent reputation.

You are cordially invited to visit these headquarters to view the full display of the ADVANCED SIX, SPECIAL SIX, and LIGHT SIX MODELS.

Both from an engineering standpoint and with regard to the niceties of fittings and appointments it is readily apparent that these Nash models establish a fresh criterion of motor car quality and value.

And powered with seven-bearing crankshaft motors they reveal a calibre of performance which is immediately recognizable as of decisive superiority.

Among the wealth of attractive features and refinements included in all of these models are 4-wheel brakes of special Nash design; five disc wheels as standard equipment; air cleaner; oil purifier; and full force-feed oiling system.

The Nash price range on seventeen different models extends from \$865 to \$2090, f. o. b. factory
