SEEK MISSING MAN
The Wilmette Police department has in its possession a letter mailed from the American Consular offices at Curacao, Dutch West India Islands, which it has been requested to deliver to Arthur A. Japp, who is supposed to be either in Winnetka or Wilmette. Anyone knowing where this person may be located is urgently requested to communicate with Chief Leggett.

Mrs. T. G. Rockwell of 277 Chestnut street, will leave next week to visit her mother, Mrs. S. P. Shayne of Cleveland Heights, Ohio.

**New Body Styles, Colors
Feature 1927 Chrysler**
New York—Foremost among the host of new cars and new features placed before the throngs which jammed the Grand Central palace, as well as the special exhibits at the huge uptown hotels and the distributors' sales rooms during Automobile Show week, once again Chrysler focused attention.

Refinements in engineering and manufacturing which the motoring public has come to expect from Chrysler were almost eclipsed by the sensational new treatment of body styles and coloring, shown for the first time by this manufacturer.

One of the most sensational of these novelties was the Chrysler Imperial "80" Sportiff Phaeton. It is unusually striking in its color combination of black and Burmese blue, with striping of Italian cream. Upholstery is of dark blue, hand-buffed Spanish leather. Six black wire wheels, with nicked rims, with the two spare tires mounted in wells in the front fenders, are standard equipment. The top is of the disappearing skeleton type, so constructed that it can be folded back and booted in conventional manner, or stowed, completely away in a compartment back of the front seat.

On the "70" chassis two new body types were also presented—the new four-passenger coupe; and the carbiulet. Both of these are entirely new body styles in their price field.

Probably no single body type attracted such attention among the lower priced sixes as did the new Chrysler "60" two-passenger coupe, with rumble seat, which also made its debut at this show. This car is in Wills green, with flamingo carmine striping, upholstered in mouse gray mohair, and leather rumble seats to match the body colors.

**To Demonstrate
Maytag Washer
on North Shore**

O. L. Porter, of 554 Center street, Winnetka, sells Maytag washing machines on the north shore, his territory being from Evanston north to the county line and the territory west including Glenview and Northbrook.

A special demonstration and sales campaign of the Maytag is just now being instituted by Mr. Porter, which, when completed, it is said will have brought the merits of this machine to every family in this territory.

T. L. Pherigo and L. R. Guerard, from the Maytag factory, are with Mr. Porter to give this special demonstration. A special advertising campaign is being inaugurated, following which machines will be placed in homes, demonstrated and left for five days without any obligations, whatever, "The machine to sell itself," being the Maytag slogan.

Messrs. Pherigo and Guerard claim the Maytag is the fastest washing machine manufactured, having a capacity of fifty pounds of dry wash, per hour; washes clean; most compact washer made; has cast aluminum tub; clothes can be put in or taken out with the washer running; all metal, self adjusting wringer, and a lot of other claims for which they ask you to make the test and be the judge.

**Joseph Sears Pupils
Hear Recital-Lecture**

An interesting assembly program was given at the Joseph Sears school, Kenilworth, Wednesday by Miss Burnston, violin instructor at New Trier High school, accompanied by Miss Piebles. The program constituted a demonstrated talk on violin music, its history and composition. Miss Burnston is a pupil of Jaques Gordon, well known violin instructor.

Dr. and Mrs. Dennis W. Crile of 418 Ridge avenue, according to a custom they have followed for several years, held open house Sunday afternoon, January 16, to their friends.

**Is This a True Story
in Your Life, Too?**

ONCE a week do you experience Wash-day and all it symbolizes—a steamy house, the worries of supervision, an aching head and reddened hands? Do you deny yourself 52 precious days a year because the washing must be done and the family must have clean clothes?

If so, you are doing it needlessly. For it only takes a few words on the telephone or to Bill the Washington Laundry Man, to remove Washday from your mind—your calendar—and your home.

Just give the weekly bundle to Bill, and he will see that everything is washed sweetly clean, that everything is ironed or anything, as you desire, and is returned promptly. And above all he will give you "A NEW DAY" a week for yourself.
