

## AUTO LIMERICKS

By BOB JOHNSON

There once was a youngster named Dash  
Up hill and down dale he would crash  
He'd better take care  
How he dives through the air  
Or some day he'll cook his own hash.

### AND VULCANIZING INSTEAD OF NEW TIRES

Our steam vulcanizing is a  
money saving proposition.  
More miles for less money.  
Don't throw away a shoe if  
we say vulcanizing will save  
it.

## HOSPITAL DRIVE ON

Monday Set for Start of \$500,000  
Building Fund Campaign for Women  
and Children's Hospital

Starting Monday, February 7, the drive for the \$500,000 Women and Children's Hospital of Chicago, will be underway throughout Chicago and the vicinity. Dr. Margaret N. Levick of 590 Lincoln avenue, is branch commander for Winnetka whose quota is \$10,000, and the North Shore towns, Evanston, and Glencoe. Under her supervision a corps of lieutenants and workers are canvassing people in the villages for donations to go toward the splendid cause of a hospital specializing in the treatment of women's and children's diseases.

In addition to the list of workers published a week ago should be added the Evanston group, captained by Mrs. Edward L. Jones, and Miss Edna True, and having Miss Alicia Pratt, Mrs. Henry G. Baker, Mrs. George Whipple, Mrs. John Strickler, Miss Gertrude Gladwin, Miss Elizabeth Hadden and Mrs. Peter C. Ludkin as workers.

Aside from the canvassing being done, the Cherry street circle are giving a benefit card party, Friday, February 11, at 2:30 o'clock at the Community House, for the fund. The North Shore Catholic Women's league have also contributed a substantial amount for the cause.

The hospital, which was founded in 1865 by Dr. Mary Thompson, the second woman physician to practice in Chicago, published a most interesting report in 1866, which is valuable for comparison today. In that year "the hospital boasted of fourteen beds, and gave medical and surgical aid to 543 patients during the year."

"At this time there were only two hospitals in Chicago—the Marine Hos-

pital, where no women were cared for, and the Mercy Hospital, conducted by the Mercy nuns. The close of the Civil War had left so many destitute widows and orphan children that it was possible, even at that time when the prejudice against women physicians was at its height, for Dr. Mary Thompson, a little newcomer, to actually establish the first Protestant Hospital and the only hospital for women in the city of Chicago."

The article, which appears in "The Medical Woman's Journal" for January 1927, goes on to say, "All women, both lay and professional, should be interested in making the Women's Hospital of Chicago a great and fitting memorial to the finest type of women physicians that Chicago has ever known."

### To Hold View Day at Art Institute Feb. 15

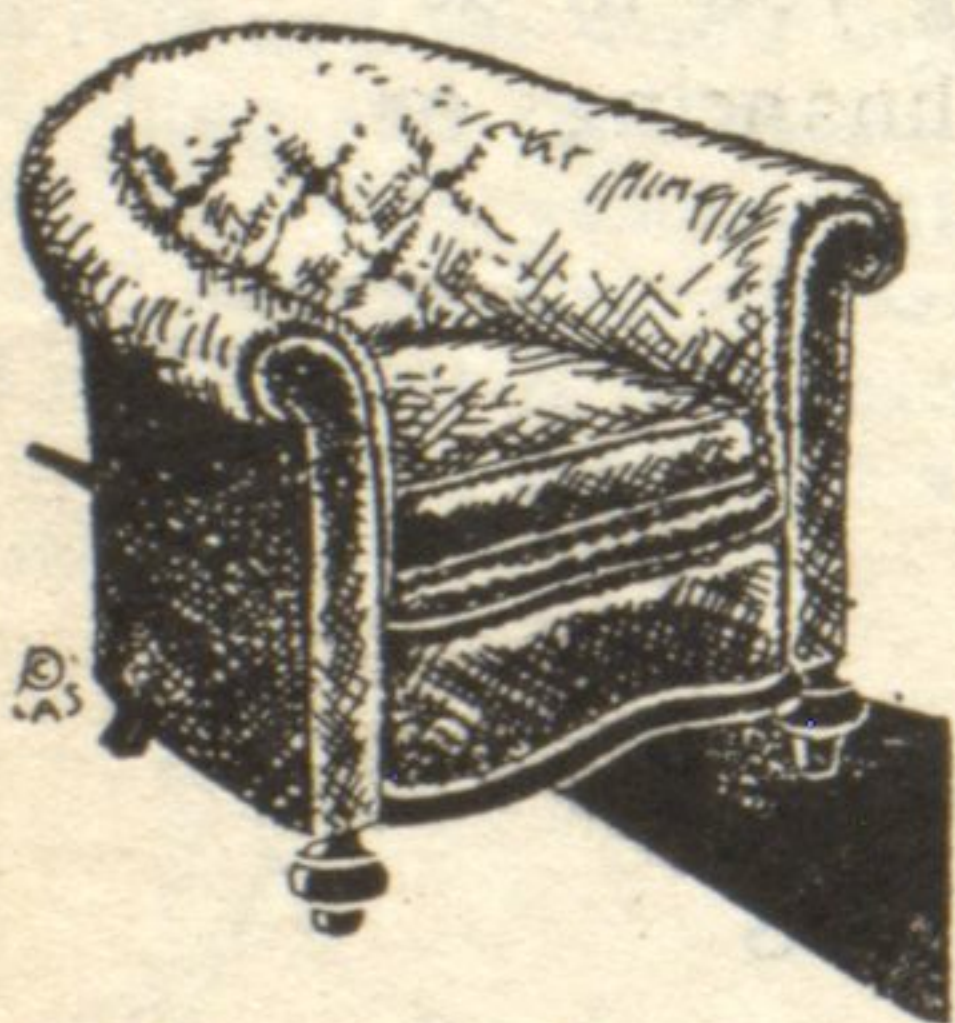

Mrs. Franklin Anderson of 910 Spruce street, is in charge of tickets for the Annual View Day of the Art Institute, which is given by the Tuesday Art and Travel club Tuesday, February 15, at 10 o'clock at the Art Institute. The tour is conducted by Pauline Palmer who gives a very interesting talk on the pictures. This is followed by luncheon in the Wedgewood room of Marshall Field's.

Field's then puts on a style show of the latest works of art. There will be music and a delightful program in addition. Anyone interested is asked to call Winnetka 560.

For those not familiar with the purpose of this club and Annual View day, it has several good purposes. It awards a scholarship to two young people at the Art Institute, and every year it buys a picture to be presented to one of the schools. Last year the Gonsalves school was given a fine painting.

## Announcement

Theodore Spacek wishes to announce the opening of his new Upholstery Shop at 10 Carlton Annex.

My 25 years of experience with some of the largest furniture stores of Chicago, assures you of a high quality and guaranteed workmanship on your furniture, so there need be no hesitating about sending even your finest piece of furniture for repairs.
