

CHANDLER-CLEVELAND MOTORS CORPORATION CLEVELAND

CHANDLER

now
in its new Evanston home

TOM HAY AND SON announces the opening of their sales salon and service station at 1819 Ridge Avenue in Evanston, Monday, February 14.

In this spacious new building, designed especially for Tom Hay and Son, you will find a complete and interesting display of all the 1927 models of Chandler cars. A modernly equipped service department will offer still better facilities to every Chandler owner along the North Shore.

You are invited to visit us in our new home during our Opening Week, Feb. 14 to 19, and inspect this greater Chandler—smarter, more distinctive, utterly and delightfully different. Stylishly different in design. Briskly different in traffic. Powerfully different on hills. Whisperingly different under hood.

For 1927, Chandler offers 27 body styles— all equipped with 4-wheel brakes — a great choice of the most pleasing cars and the most impressive values you have ever seen.
