## Current Law-Making Is Theme for Discussion

(Continued from page 53)

H. B. 41-42-43—regarding women serving on juries have been introduced by Mrs. Lena Elrod of Chicago. Miss Elizabeth has said, "It is no more reasonable for women to be tried before juries of all men than it would be for men to be tried before juries of all women."

Two bills will be introduced which seek to provide for the new state reformatory for women. Many of our state wide organizations are working for this bill. We need a suitable place to house our women offenders giving them an opportunity, at least, to have surroundings that suggest a clean and wholesome life. This bill carries an appropriation of \$300,000.

### Many Educational Problems

Illinois has many educational problems. There seems to be some feeling that the present method of giving out our state distributive fund is not the best. A substitute for the present law is soon to be introduced. We shall want to watch carefully and study all sides of this important question.

Let us be alert all along the line and watch proceedings in both Congress and our own state legislature. We helped to elect our lawmakers. Are they giving us the best service that it is possible to get? Let us find out.
