### Nash Motor Plant Model in Its Modern Equipment

How inventive genius keeps pace with the ever-rising necessities of modern industry is reflected in much of the machinery with which the Nash Motors plants are equipped, according to Suburban Nash Sales, Winnetka, north shore dealers. Probably no other industry has seen greater advancement in the design of automatic machinery to meet the requirement of volume products than has been witnessed in the motor car industry in the past ten years, it is said. Scores of human-like machines, totally unknown a few years ago, are today performing various operations in different departments of the Nash plant; they are performing these operations quicker and with a degree of consistent accuracy unattainable by hand.

One of the newest and most interesting automatic machines known to the industry is that in use at the Nash factory. It is an automatic honing machine which accomplishes at one time the final mirror-like finish on all seven main bearings and six connecting rod bearings. Formerly it was necessary to polish individually each of these thirteen bearings. But now the operation is performed on every bearing simultaneously and with scientific accuracy within a fractional part of a thousandth of an inch.

Mrs. Leslie M. Gooder of 1046 Dinsmore road, with her three children, Patricia, Teddy, and David, left Tuesday of last week to spend the spring months in Ojai, Cal.

Mr. and Mrs. Howard Ehrlich, 45 Warwick avenue, Winnetka and their son, Grant, have returned after a few days at French Lick Springs, Ill.

### Winberg Assumes Active Part in Kemper Athletics

Howard Winberg, one of the Wilmette students at Kemper Military school, Booneville, Mo., and to whom the Kemper News recently referred in most complimentary terms as one of the “combination athletes” of the school, is forging ahead in wrestling and boxing this winter, much as he did in football and basketball. He is also being put in shape for one of the pitchers when the baseball season opens in April.

In a recent mat event in which Kemper matmen came out victorious over the strong team from the Missouri School of Mines, Rolla, Mo., Winberg, in the 175 pound class, downed his man in 4:35 and his event, because of the prominence of his opponent as a wrestler, was featured in the Kansas City papers as one of the outstanding sections of the program.

Winberg is also in the heavyweight boxing class, and on March 3 the Kemper boxing team is matched with the Wentworth team, at Booneville, and the Kemper News says; “Winberg should fill Jacobson’s shoes in the heavyweight class with little trouble.”

#### ENGAGED

Mr. and Mrs. Albert Steffens of Glencoe announce the engagement of their daughter, Erika Elizabeth, to Fritz Wilson Evanger of Barrington, Ill.

Mrs. Ida M. Lyons of 1070 Cherry street has as her guest Mrs. Luella Newton of Houston, Texas, formerly of Hubbard Woods. Mrs. Anna Sanders entertained Thursday of last week at a luncheon and theater party for Mrs. Newton.
