## Kenilworth Basketeers Revel in League Games

The Kenilworth basketball league schedule, played under the direction of Robert W. Townley, director of recreation for the village, closed with the "River Rats" in the lead on 714 points. Second place was taken by the Northwesterners on 689 points. Unusual interest was shown by the boys in the contests and at a recent meeting 94 out of the 102 boys were present.

Teams for the new "handball" league, which is to take the place of the basketball league, have been chosen and will soon start competitive tilts. Handball is said to be a modified form of indoor ball, being played with a volley ball which is kicked instead of thrown. There are also only two bases.

The teams are as follows: "Hooperdinkals"—Osgood, captain, Scott, Hutchins, Richards, Smith and Gilbert; "Invincibles"—Buck, captain, Jenks, Saxton, Phillips, Simons and Gillette; "Alley Cats"—Mons, captain, Montanaro, Nelson, Joslin, Healy, Dickinson and Harrison; "Ruff Rats"—Nygard, captain, White, Howe, Kingsley, Hamilton, Knauer and Byrnes.

## I. O. O. F. ENTERTAINS

Members and Guests Enjoy Dinner and Entertainment; Plan Home-Coming for March 10

By A. H. H.

On Thursday evening, February 24, the Odd Fellows of the north shore entertained a large gathering of members I. O. O. F. building at Wilmette. The Wilmette Rebeckahs served a bountiful and appetizing dinner in the lodge hall, between the hours of 6:30 and 8 o'clock, to about 250 guests. Then, shortly after 8 o'clock, a program of entertainment was given in the large dance hall.

G. A. Nauman, grand master of Illinois, delivered the address of the evening. He commented on the good work that the local lodge was doing and explained about the assistance the order was giving in relieving distress throughout the state, and about the great good it is accomplishing by caring for and educating its orphans at the home in Lincoln and for the generous maintenance of its Old Folks home at Mattoon.

A staff of the Wilmette Rebeckah lodge, in white gowns, executed a series of drills and marches that brought forth considerable applause. Miss Magnesson, a young woman who was reared in the Odd Fellows Orphan home at Lincoln, gave an interesting account of some of the more intimate details of life at the Orphans' home.

Other features of the program were bag-pipe music by Tom Scott; recitations by two women students at Northwestern University, School of Speech; harmonica solos by Edwin Anderson; violin selections by William Cunningham, Jr.; and vocal solos by Miss Lois Bailey. This program was followed by dancing, the music being furnished by the lodge orchestra.

Thursday evening, March 10, A. T. Sherman lodge will hold its annual Roll Call night. This is in the nature of a home-coming affair, when all members, especially those who do not attend very regularly, are particularly urged to be present.

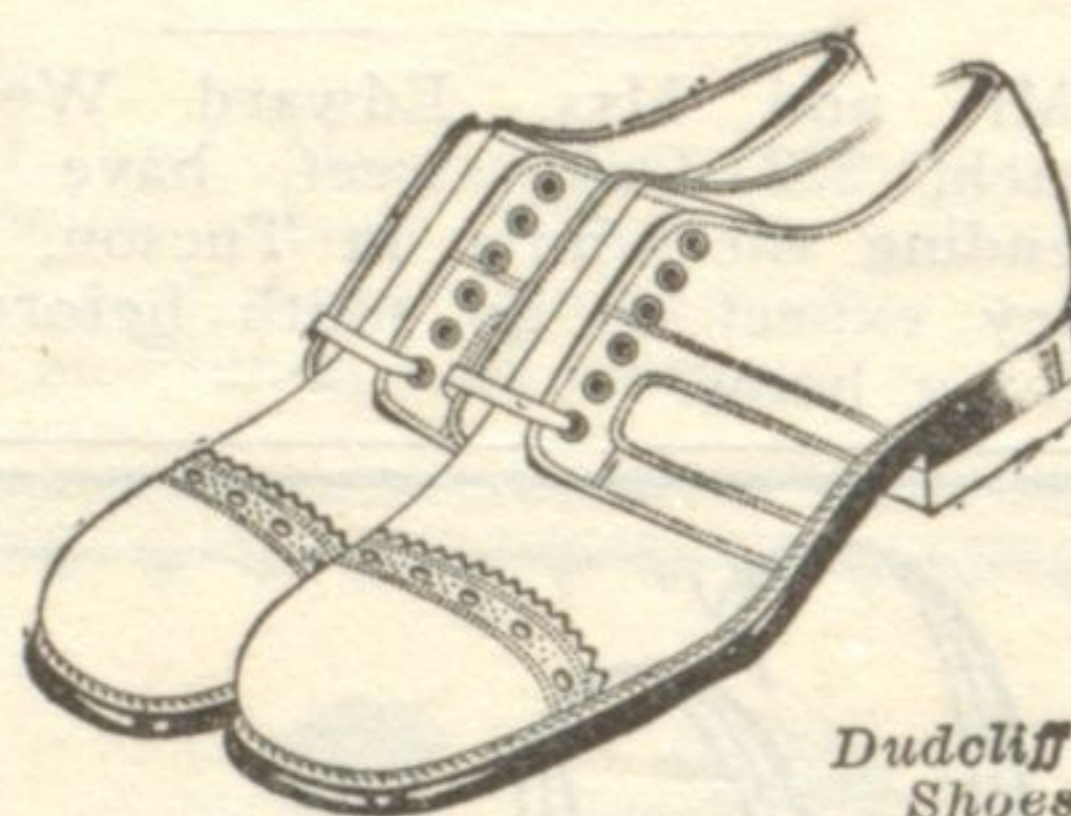

## Scout Junior Officers to Confer at Lake Bluff

It is estimated that approximately 100 boy leaders of the north shore troops of Boy Scouts will gather at the monthly conference of junior officers March 12, at the Lake Bluff school. The general chairman of the monthly conference is Alvin Bartholomew, of Wilmette; program chairman, William McAllen, of Glencoe; editor of the monthly publication of the council, "The Talk of the Troops," Prescott Lothrop, also of Glencoe. Some very unique ideas are being planned for the March program it is said.

## NEED HEALTH OFFICERS

At the present time there are 2,700 health officers in Illinois but only 300 or 400 of these are physicians. The others are made up of county supervisors, village clerks and village presidents. These people are splendid citizens but they are not trained in the prevention and control of disease. The larger cities have physicians trained in public health work for their health officers because they have discovered that training and experience are essential to good management. As a result the cities have less typhoid fever, less smallpox, less tuberculosis and smaller losses from a number of other communicable diseases than do the rural people. Before they found out about the benefits obtainable from scientific health service the city people always suffered more severely than the farmers from communicable disease.

## "Dudcliff Shoes at Lord's Fit Me So Well!"

Dudcliff Shoes

"That's what my young son tells me. And he says, 'Believe me, mother, that man in the Basement department sure can fit shoes so they feel fine from the very minute I have them on. No breaking them in. That's what I like.'"

### Other Boys' Experiences Too

Increasing daily sales of Dudcliff shoes prove that other boys have had similar experiences in comfortable fit.

But that's not all. Dudcliff shoes are quality shoes, made of superior leathers, well styled and low priced.
