### Track Stars to Compete at N. U. Gym This Week

Track athletes of the Western Conference will gather at Northwestern university this week-end in the seventeenth annual Big Ten Indoor Track and Field games which will climax the indoor season. Over 300 athletes, the pick of the middle west, will participate in the classic event.

Growing popularity of the middle distance events is seen in the entry lists for the meet this year. In the 440 yard run the coaches have entered forty-nine athletes which is almost twice as many as in any other event, with the exception of the half-mile, which has thirty-eight entries.

Madame Van Buskirk, 1096 Spruce street, is returning at the first of the week from Orlando, Fla. She is visiting in Delphi, Ind., en route home.

### Camp Fire Sparks

Winnetka Camp Fire girls entertained their mothers and the Camp Fire Council at a social meeting in the Camp Fire Room of Community House, Thursday afternoon, March 10. There were greetings from council members and guardians, and "stunts" and songs by the different groups, and a delightful social hour, when Mothers and girls and guardians talked informally of Camp Fire and its work.

The Litahni group of Camp Fire Girls (Mrs. Philip Fisher and Mrs. John Winscott, guardians) cooked their supper in the out-of-door fireplace outside of the Camp Fire Room, Thursday, March 3.

The Akiyuhapi group, (Miss Mildred Olsen, guardian), held a Ceremonial Meeting, Tuesday, March 8 in the Camp Fire Room. The following received honor beads for achievements: Louise Wagner, Ethel Pierce, Nancy Thomas, Margaret Meleney, Connie Addenbrooke, Grace Erickson.

Spring weather has suggested more out-of-door joys to the Camp Fire girls. Some of the groups are planning special trips for the Spring vacation. Mrs. Marshall's and Mrs. Guilford Windes' group expect to go to the Dunes. Mrs. Fisher's and Mrs. Winscott's group will have an outing at Mrs. Fisher's farm in Michigan, and will help plant several thousand small pine trees on the place. This is "Tree Year" in Camp Fire and Camp Fire girls all over the country are making an effort in tree-planting and the study of forest-conservation.

Miss Dorothy M. Olson, of 736 Roger avenue, Kenilworth, will entertain at three tables of bridge this evening.

### Appraise Health of Large Cities Throughout State

A new inventory of municipal health service in the larger cities of Illinois which will amount to a self appraisal by local health officers, is now under way in Illinois, according to an announcement made by Dr. Isaac D. Rawlings, state health director. All cities of 30,000 or more, except Chicago, are included in the project. Account will be made as closely as possible of every dollar spent and of every service performed whether official or voluntary and these factors will be weighed against the apparent results obtained. Each city will be appraised on a percentage basis and compared with what is regarded as minimum standard practice and with each other as well.

"Last year state officials made an examination of municipal health service in the fifteen leading cities," said Dr. Rawlings, "and reported an average of 50 per cent efficiency although four of the cities enjoyed first class health protection. This year each local health officer is taking his own measure and that of his city, using the same form and system as that employed last year.

"The findings will be compiled by the State Department of Public Health and combined into a single report. This report, which will be available to all interested citizens, will bring out the points of excellence and the shortcomings of each city and offer recommendations for improvements where such are indicated."

#### BUYS WINNETKA PROPERTY

Mark W. Cresap, 239 Essex road, Kenilworth, has purchased four acres of land located between Hibbard road and the Mancel T. Clark home in Winnetka.

## MUSICAL KINDERGARTEN
