**This does the work
of 50 pounds of ice—and more
—every day!**

**Be ready for hot weather—
make your ice box a Frigidaire**

IF it were possible for you to keep your ice-box filled—constantly—24 hours a day—you would still not have as good refrigeration as the Frigidaire frost-coil will give you, without any attention on your part.

If you have any standard make of ice-box, you can have Frigidaire installed in it and from that time you can forget about refrigeration. Your meats, vegetables and other foods will be kept better than you were ever able to keep them before. Spoiled foods will be a thing of the past.

Come in and let us demonstrate Frigidaire to you.

J. M. Dickinson, Jr., of Winnetka, was elected president of the New Trier Citizens' league, at the annual meeting of that township organization held late last week at the City club in Chicago.

The executive committee of the league, which is comprised of representative citizens from all the villages in New Trier township, also formally nominated candidates to appear on the ticket in the annual town election Tuesday, April 5. These candidates are Walter T. Fisher of Winnetka, for the office of Township school trustee; and John A. Schildgen, of Wilmette, for Township constable. These are the only offices to appear on the ballot this spring.

Mr. Dickinson was elected president of the league to succeed John R. Leonard of Winnetka, who expressed the desire to retire after several terms as head of the organization.

Service**

Your car is called for promptly at the appointed time. It is greased completely by skilled men. It is not necessary to tell us to fill the battery, gauge the tires, sweep out the car or fill the radiator. We do all those things each time a car is greased. And because your car should be greased regularly a sticker is placed on the speedometer to show when the next greasing is due. The car is returned to you promptly when completed.
